Additional information can be obtained from the abovementioned address
Tenders or requests to participate must be submitted to the abovementioned address

I.4. Type of the contracting authority

Regional or local agency/office

I.5. Main activity

Recreation, culture and religion

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Renovation of a Shipment Quay
Reference number: 5821

II.1.2. Main CPV code

45453100 Refurbishment work

II.1.3. Type of contract

Works

II.1.4. Short description

The quay surface must be entirely replaced with planks of heartwood pine lumber with an equivalent dimension.

The creosote joists appears to be in good condition and can be reused if possible.

The pillars have been regularly replaced over the years, so the pillars will be intact in some places whilst there will be damaged or missing pillars in other places.

We do not know how many pillars must be replaced/inserted. It is best for tenderers to make an assessment during the site inspection.

As the goal is that the quay appears as authentic as possible after the renovation, the goal must be that the replaced parts are replaced with the same or equivalent parts.

II.1.5. Estimated total value

Value excluding VAT: 2 300 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45453100 Refurbishment work

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Norsk Sagbruksmuseum.

II.2.4. Description of the procurement

The quay surface must be entirely replaced with planks of heartwood pine lumber with an equivalent dimension.

The creosote joists appears to be in good condition and can be reused if possible.

The pillars have been regularly replaced over the years, so the pillars will be intact in some places whilst there will be damaged or missing pillars in other places.

We do not know how many pillars must be replaced/inserted. It is best for tenderers to make an assessment during the site inspection.

As the goal is that the quay appears as authentic as possible after the renovation, the goal must be that the replaced parts are replaced with the same or equivalent parts.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 2 300 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 6

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenders from a group.

If a tenderer consists of a group of two or more participants, (engineering design group, working partnership, etc.), the tender must be signed by all the companies in the group. Each individual group member must fulfil the 'tax certificate', 'suitability' and 'economic and financial capacity' requirements. The group must together fulfil the technical and professional requirements, possibly with the use of subsuppliers. Confirmation must be given in the tender that the qualification requirements in the contest are fulfilled. The confirmation will apply for all suppliers in the group. Documentation of the group participants' fulfilment of the qualification requirements must not be submitted with the tender.

Support from other companies.

If a tenderer depends on a subsupplier's qualifications to fulfil one or several technical /professional qualification requirements or to fulfil the economic and financial capacity requirements, information on this must be provided in the tender letter.

Documentation from the sub-supplier that he fulfils the relevant qualification requirements must not be submitted as part of the tender, but must be delivered prior to the contract signing at the latest. Before the contract is signed, the tenderer must submit a commitment statement from subsuppliers that confirms that the subsupplier will provide the resources that the tenderer requires in order to be qualified. If a tenderer will rely on another company to fulfil the economic or financial capacity requirements, the company's joint and several liability commitment to the tenderer must be clear in the declaration.

Site inspection and assessment.

It is a prerequisite that tenderers obtain knowledge of the work area and other significant conditions during the site inspection.

Tenderers must obtain information on significant local conditions for their work, such as ground conditions, transport options to the work area, matter, access to electricity, water, etc. Tenderers must engage certified professional geotechnical engineers as a basis for geotechnical surveys that will give a general assessment of the foundations. The tenderer must cover the cost of this himself.

It is a prerequisite that tenderers are familiar with the general public regulations and the regulations that apply in Namsos Municipality, to the degree that these can influence the execution of work or costs.

Subcontractors/suppliers.

Tenderers must state the names of subcontractors/suppliers that will be used in the tender form.

The builder must approve subcontractors/one-person companies that the company will use to carry out the assignment.

All companies must present a certificate for tax and duties and an HSE declaration as a basis for any approval.

III.1.2. Economic and financial standing

List and brief description of selection criteria:
See the tender documentation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:
See the tender documentation.

III.2. Conditions related to the contract
