Contract award notice
Services

Legal Basis:

Regulation (EU, Euratom) No 2018/1046

Section I: Contracting authority

I.1. Name and addresses

Official name: European Training Foundation (ETF)
Postal address: Villa Gualino, Viale Settimio Severo 65
Town: Torino
NUTS code: ITC11 Torino
Postal code: 10133
Country: Italy
E-mail: Procurement@etf.europa.eu
Internet address(es):
Main address: <https://www.etf.europa.eu/en/about/procurement>

I.4. Type of the contracting authority

European institution/agency or international organisation

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Human Capital Development Expertise Services
Reference number: 22ETF03

II.1.2. Main CPV code

80400000 Adult and other education services

II.1.3. Type of contract

Services

II.1.4. Short description

The objective of this tender is to provide consultancy services in support of the ETF expertise in the field of human capital development.

The tender is comprised of four independent lots to enable economic operators specialising in those areas to provide timely and high quality services upon request.

- lot 1 – Expertise provision,
- lot 2 – Research and studies,
- lot 3 – Statistical services,
- lot 4 – Big Data analytics.

II.1.6. Information about lots

This contract is divided into lots: yes

II.1.7. Total value of the procurement

Value excluding VAT: 11 300 000,00 EUR

II.2. Description

II.2.1. Title

Expertise Provision

Lot No: 1

II.2.2. Additional CPV code(s)

80400000 Adult and other education services

II.2.3. Place of performance

NUTS code: ITC11 Torino

Main site or place of performance: Remotely, EU, ETF partner countries.

II.2.4. Description of the procurement

The objective of the expertise provision service is to identify experts who will be contracted for specific contributions to support the development and implementation of ETF activities in the field of human capital development.

Each assignment is designed in detail by the ETF where one or more experts are contracted to deliver on specific tasks.

The assignments may differ considerably in duration from a few days to a period of months and can be desk based or be carried out in ETF partner or other countries and may be implemented at a thematic, country, regional or cross-regional level and may require country-specific experience or knowledge.

Selected experts will either work independently or within a team of ETF and/or with other external experts and their work may be a component of a wider project containing other activities with the involvement of different stakeholders.

II.2.5. Award criteria

Quality criterion - Name: Composition of team proposed and division of tasks for provision of all deliverables and for effective contract management / Weighting: 5

Quality criterion - Name: Quality and relevance of the database; quality and effectiveness of the measures to expand the database / Weighting: 25

Quality criterion - Name: Clarity, effectiveness and relevance of the methodology for evaluating and pre-selecting expert CVs for the matching of the requested experts / Weighting: 15

Quality criterion - Name: Quality, effectiveness and relevance of the methodology for monitoring progress of assignment and respect of the deadlines for provision of quality expert deliverables / Weighting: 15

Cost criterion - Name: Daily fee for Category I expert / Weighting: 15

Cost criterion - Name: Daily fee for Category II expert / Weighting: 15

Cost criterion - Name: Daily fee for Category III expert / Weighting: 12

Cost criterion - Name: Daily fee for Category IV expert / Weighting: 4

Cost criterion - Name: Daily fee for Category V expert / Weighting: 4

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
yes

Identification of the project: ETF operational appropriations.

II.2.14. Additional information

II.2. Description

II.2.1. Title

Research and Studies

Lot No: 2

II.2.2. Additional CPV code(s)

80400000 Adult and other education services

II.2.3. Place of performance

NUTS code: ITC11 Torino

Main site or place of performance: Remotely, EU, ETF partner countries.

II.2.4. Description of the procurement

The objective of the research and studies lot is to support the ETF work with reliable knowledge, evidence, analysis and relevant information in specific areas within the domain of human capital development as listed in the practice areas. The assignments will relate to the relevant policy context and practice areas and may require country specific experience or knowledge to support the design and implementation of the EU policy agenda and EU programmes in the field of human capital development.

The research and studies will typically aim at:

- providing in-depth comparative analyses and assessment of policy issues and reforms linked to the EU agenda that can inform policy makers at international, regional and country level;
- providing evidence for policy guidance to support countries in their efforts to develop more efficient, inclusive and equitable systems and strategies in line with the sustainable development goals;
- identifying new developments and trends in education and training systems in Europe, as well as in the ETF partner countries and may included training and skills development for researchers;
- using comparative international data and secondary analyses on innovative policies to facilitate their transferability and scalability;
- supporting the ETF in its efforts to analyse and assess national and international trends;
- enhancing the ETF capacity to identify key challenges and policy options;
- promoting international, interdisciplinary and inter-sectoral collaborations in identifying, documenting and implementing practices;
- providing analyses that deepen the understanding of policies and practices across partner countries as input for further collaboration efforts;
- supporting the ETF in implementing relevant programmes, including by using surveys and other research instruments to gather feedback from stakeholders and users of the programmes, identifying key findings and policy lessons;
- feeding information into the peer-learning processes that involve national policy makers and are facilitated by the ETF.

Assignments within the scope of the framework contract will mainly target ETF partner countries but may also involve EU Member States and other countries.

II.2.5. Award criteria

Quality criterion - Name: Composition of team proposed, division of tasks and methodology for effective contract management / Weighting: 10

Quality criterion - Name: Quality of the proposed methodology for the case study / Weighting: 20

Quality criterion - Name: Organisation of the work and resources for the case study / Weighting : 15

Quality criterion - Name: Quality control measures for the case study / Weighting: 15

Cost criterion - Name: Daily fee for Category I expert / Weighting: 10

Cost criterion - Name: Daily fee for Category II expert / Weighting: 10

Cost criterion - Name: Daily fee for Category III expert / Weighting: 10

Cost criterion - Name: Total Price for the case study / Weighting: 10

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
yes

Identification of the project: ETF operational appropriations.

II.2.14. Additional information

II.2. Description

II.2.1. Title

Statistical Services

Lot No: 3

II.2.2. Additional CPV code(s)

72310000 Data-processing services

II.2.3. Place of performance

NUTS code: ITC11 Torino

Main site or place of performance: Remotely, EU, ETF partner countries.

II.2.4. Description of the procurement

The objective of the statistical services lot is to identify one economic operator able to provide statistical services for shaping, supporting and co-implementing evidence-based analyses, including provision of statistical data and key indicators.

The main tasks envisaged are:

- annual data collection and compilation of quantitative and qualitative evidence for the ETF monitoring framework;
- national data collection of disaggregated data from national administrative sources, through relevant country stakeholders and considering data and legal constraints (e.g., data availability, data and database access);
- data organisation and input into different tools and databases and presentation in appropriate formats, i.e. digital or reports;
- data cleaning, relevance, harmonisation and consistency check of data, indicators and approaches;
- recommendations, advice and training on different platforms and databases for improved data management;
- data visualisation from statistical work (tables, graphs, histograms, maps, etc.);

- liaison and communication with ETF experts.

The successful economic operator will deal with data collection and statistical analysis with official statistical data and indicators at a national, EU and international level in the field of human capital development especially, education, training and labour market as well as the ability to handle complex data sets using specialised statistical tools (e.g. SPSS, STATA, Python or similar) is the required expertise.

Each assignment is designed in detail by the ETF and may vary in duration from a few days to a period of months up to a maximum of twelve consecutive months. Assignments will mostly be desk based but could require travel in ETF partner countries.

Experts will either work independently or within a team and/or with ETF staff or other external experts and their work may be a standalone project or a component of a wider project containing other activities with the involvement of different stakeholders.

II.2.5. Award criteria

Quality criterion - Name: Composition of team proposed and division of tasks for provision of all requested deliverables and for effective contract management. / Weighting: 20

Quality criterion - Name: Relevance and quality of the methodology and software tools / Weighting: 25

Quality criterion - Name: Relevance, clarity and effectiveness of data visualisation / Weighting: 15

Cost criterion - Name: Sum of daily fees for expertise in the field of statistics and Junior statistician / Weighting: 24

Cost criterion - Name: Daily fee for data entry officer / Weighting: 16

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: yes

Identification of the project: ETF operational appropriations.

II.2.14. Additional information

II.2. Description

II.2.1. Title

Big Data Analytics

Lot No: 4

II.2.2. Additional CPV code(s)

72316000 Data analysis services

II.2.3. Place of performance

NUTS code: ITC11 Torino

Main site or place of performance: Remotely, EU, ETF partner countries.

II.2.4. Description of the procurement

The objective of the Big Data analytics lot is to contract an economic operator specialised in the field of Big Data analytics related to labour market / skills intelligence, who will be contracted to provide services in support of the ETF work in this area.

The services to be delivered will concern notably the following:

Block 1: technical development, maintenance, data collection, processing, classification, delivery, visualisation:

- expansion of the OJV-based data systems to new countries, building on the experience, technology and lessons learned from the pilot phase above described. Supported by system of quality monitoring tools and reporting.
- further consolidation, quality improvement and maintenance of the existing OJV-based data systems, building on lessons learned and system review.
- conceptualisation, development, and implementation of improved data delivery / visualisation tool / platform addressing the needs of different target users, e.g. a) analysts and researchers and b) wider public (learners, employers, education and training providers, institutions of public and private sector).

Block 2: analysis, interpretation, methodological innovation, capacity development:

- conceptualisation and implementation of suitable approach(es) and tools for analysis of different aspects of supply side, e.g. data on the stock of competences and qualifications in the working age / active / employed population; knowledge, skills and competences defined in education and training offerings (analysis of curricula, programmes, qualifications – all levels and sectors);
- comparative analysis of demand and supply side data on skills and competences – by sectors, occupations, regions, countries. Dashboards, visualisation of results;
- analysis of specific themes based on the existing databases of ETF project, e.g. on trends and features of remote work, green jobs and skills, emerging technical and transversal skills, digital skills. Dashboards, visualisation of results;
- analytical reports and briefs on specific themes related with the applications of AI and data science in the domain of LMI, challenges, new perspectives and possibilities;
- contribution to ETF reflection and technical development related with use of results / data of the project Big Data for LMI for other relevant ETF projects and analyses;
- contribution to ETF reflection towards renewal of the OJV data system and innovative analytical approaches based on combination of different data sources and methods;
- participation and contribution in ETF dissemination and capacity development events, networks related with the thematic domains of Big Data for LMI.

II.2.5. Award criteria

Quality criterion - Name: Team composition: relevance and qualifications of the proposed expertise / Weighting: 30

Quality criterion - Name: Methodology: clarity, pertinence and evidence-base of the required chapters / Weighting: 30

Cost criterion - Name: Sum of daily fees for IT expertise and thematic expertise / Weighting: 30

Cost criterion - Name: Daily fee for innovation and advisor support / Weighting: 10

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: yes

Identification of the project: ETF operational appropriations.

II.2.14. Additional information

Section IV: Procedure
