Internet address(es):Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/1270>Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/148969>**Additional information can be obtained from:**

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

National or federal agency/office

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Framework agreements — workshop services for The Norwegian Coastal Administration's (over 20 metres) vessels.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 1: Maintenance and repair services

Main site or place of performance: Norway.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT:

Range: between 24 000 000 and 32 000 000 NOK

Frequency and value of the contracts to be awarded: The Norwegian Coastal Administration estimates the total scope on both framework agreements to be approx. five assignments per year with a combined value of approx. 6 000 000 NOK to 8 000 000 NOK. per annum. In total in the duration of the framework agreement there will be fewer call-offs on framework agreements connect to the Northern area than the framework agreement for the Southern area.

II.1.5. Short description of the contract or purchase(s)

The Norwegian Coastal Administration's Shipping Company wants to enter into two framework agreements for workshop services for The Norwegian Coastal Administration's vessel that are over 20 metres. The framework agreements are geographically divided. One framework agreement for the South (south of Rørvik) and one framework agreement for the North (north of Rørvik). Call-offs on the framework agreement will include both periodic maintenance, main and between classification, axel track, minor alterations, modifications, repairs and other minor assignments on The Norwegian Coastal Administration's vessels that are over 20 metres. The framework agreements can also be used for ad-hoc assignments in connection with break-downs etc. How widely the framework agreement is utilised for non planned workshop services is dependant on the event location and distance to the workshop.

II.1.6. CPV code(s)

50241100 Vessel repair services, 50244000 Reconditioning services of ships or boats, 50242000 Conversion services of ships, 50245000 Upgrading services of ships

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the qualification documentation.

III.1.2.

Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the qualification documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the qualification documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The tenderer is required to have a legally established company. This must be documented by a Company Registration Certificate from The Brønnøysund Register Centre, or equivalent documentation from the applicant's homeland. Foreign tenderers should preferably deliver equivalent certificates in Norwegian. Documentation in English is acceptable.

III.2.2. Economic and financial ability

List and brief description of conditions: The tenderer is required to have sufficient economic solidity to execute the deliveries in the contract period.

Minimum level(s) of standards possibly required: Documentation: Credit assessment from a company licensed by The Norwegian Data Protection Authority.

See:

<https://www.datatilsynet.no/Sektor/Kreditt-finans-forsikring/selskaper-som-kredittvurderer/>

The assessment must be based on the last known fiscal figures with an indication of how the credit rating has evolved during the past two years.

III.2.3. Technical and professional ability

List and brief description of conditions:

Tenderers are advised to download the qualification documentation to obtain a better overview of the technical and professional qualifications, as well as the associated documentation requirements.

A reference list of the tenderer's five most important, relevant deliveries during the last three years including their values, relevance, dates and recipients, must be included with the tender offer. The references will be checked if necessary. The references must be recorded on the attached form.

Tenderers are required to have satisfactory facilities and installations to be able to handle The Norwegian Coastal Administration's vessels. Tenderers must have well suited facilities and installations to be able to handle the agreement obligations, including slip facilities, docks, machinery workshop, plate/welders etc.. Tenderers must document their facilities and installations. Tenderer shall briefly, but adequately provide a description of the facilities and installations that shall be used to handle the deliveries. The description should include key figures for the installations and shall not exceed two A4 pages. Tenderers must have good competence on relevant technical areas to fulfil the agreement. Tenderers must also submit a brief description of their technical personnel or technical units at their disposal.

Minimum level(s) of standards possibly required:

See above, as well as the attached qualification documentation.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures) no

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 3: and Maximum number 5

Objective criteria for choosing the limited number of candidates: See the qualification documentation.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated yes

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

2016/1415

IV.3.2. Previous publication concerning this procedure

Notice on a buyer profile

Notice number in the OJ S: [2016/S 100-179649](#) of 26.5.2016

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

5.12.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

19.12.2016

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

This is a restricted competition that shall be held in two stages, with the first phase being a qualification of the participants (pre-qualification — this notice). Only qualified tenderers will have the opportunity to participate in the second phase.

VI.4. Procedures for review

VI.4.1. Review body

Official name: The Norwegian Coastal Administration's Head Office
