I.4. Type of the contracting authority

Regional or local authority

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Dynamic Purchasing System for the Procurement and Leasing of Vehicles

Reference number: 20/381

II.1.2. Main CPV code

34110000 Passenger cars

II.1.3. Type of contract

Supplies

II.1.4. Short description

Våler municipality intends to enter into a dynamic purchasing system for procurements and leasing of official vehicles for the municipality. The contracting authority wants a system that covers our need for transport and reduces the climate and environmental impact. The contracting authority wants the future vehicles to be significantly more climate and environmentally friendly and optimally be zero emissions vehicles.

The tenderer must have a vehicle shop and a workshop in the vicinity of the contracting authority. The vicinity is in this context defined as Våler, Moss, Rygge, Askim and Vestby. A complete description of each procurement shall be published in the individual call-offs/mini competitions.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 14 000 000,00 NOK

II.2. Description

II.2.2. Additional CPV code(s)

34113000 4-wheel-drive vehicles, 34120000 Motor vehicles for the transport of 10 or more persons

II.2.3. Place of performance

NUTS code: NO031 Østfold

II.2.4. Description of the procurement

The contracting authority wants a system that covers our need for transport, and safeguard the regional and local instructions for reducing the climate and environmental impact.

The objective of the procurement of vehicles is to have the largest possible share of zero emission vehicles or biogas vehicles and the lowest possible operating costs, if such vehicles can meet the need for transport. The contracting authority wants the future vehicles to become considerably more environmentally friendly.

The contracting authority shall establish a dynamic purchasing system for the purchase of vehicles that are mainly run on fossil-free fuel. Some of the tender contests only apply to requests for fossil-free fuel vehicles. Where there is a shortage of charging infrastructure, filling stations or the contracting authority's requirements are met, vehicles on fossil fuel will be required.

Each tender contest may also include the following:

- service contract;
- options for tires storage services and tires change;
- repairs and parts beyond the warranty period;
- mobility guarantee or salvage services;
- modifications, e.g. installation of wheelchair lifts, protection equipment for drivers, a tipping function for the flatbed or goods van furnishing.
- other associated services. Limitations and not included in the system:
 - any car pooling scheme;
 - any existing leasing agreements that are entered prior to the initiation date of the contract.
 - any used vehicles. Other requirements:
 - the vehicle must be able to connect to the contracting authority's electronic driving logbook system/car administration system. The current supplier is Abax Car-Admin;
 - the vehicles must have a function for installing alcohol locks.

Only qualified suppliers will have access to the published competitions included in the scheme. In this stage of the process, interested providers can apply to be qualified and included in the dynamic purchasing system.

II.2.5. Award criteria

Quality criterion - Name: Delivery time / Weighting: 30

Quality criterion - Name: Quality / Weighting: 10

Price - Weighting: 60
