II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5 Objective criteria for choosing the limited number of candidates:

Requirement 1. Experience is required from similar deliveries.

Similar deliveries means deliveries of a similar size and technology and that included the following service areas in private or public entities:

- Development of new systems and services
- Review and analysis activities

A description of at least one and up to three deliveries completed within the last three years for each of the two service areas (total 2 minimum, up to six deliveries), where the tenderer had primary responsibility for implementation.

The description shall include information on:

- The type of delivery and its execution, including what work assignments were carried out by the tenderer
- The delivery's approximate value, duration, contracting authority (with contact information for references with a name, position, telephone number and email address).
- Team composition, organisation and management
- Technology that was used

The references (contracting authority) can be contacted for information on how the delivery was carried out, including whether the delivery met the contracting authority's needs. The contracting authority does not want the description per assignment to exceed 1 page of A4 format.

Requirement 2: The tenderer must have good implementation ability and the capacity to be able to implement the contract. This includes the requirement that the tenderer has access to the following numbers of staff in the following competence areas:

- Development: 20
(including at least 12 senior resources)
- Project Manager: 5
- Test supervisor: 5
- UX design: 3
- Platform and infrastructure: 3
- Functional architect: 4
- Technical architect: 4

In connection with the fulfilment of this qualification requirement, a person can be take on only one of the roles above.

- Statement of the personnel that the tenderer has at its disposal to execute the contract (per area of competence).

If the tenderer intends to rely on the capacity of other companies (subcontractors) to fulfil this qualification requirement, the number of personnel to which this applies shall be stated in a commitment statement or in a written cooperation agreement.

Requirement 3: The tenderer shall have methods/methodology that ensure consistent quality of the deliveries of development and further development.

Statement concerning the company's methods/methodology to be used in the implementation and quality assurance of the deliveries. The statement shall also include how the tenderer takes information security and personal information into account in the deliveries.
