**II.1.4. Short description**

In the Communication 'Ensuring justice in the EU — a European judicial training strategy for 2021-2024', the Commission stressed that it was essential that a flexible response is brought to emerging EU law training needs. Justice practitioners need exposure to diverse forms of learning, including e-learning of top-quality that complements and multiplies the benefits of face-to-face activities. Varied, accessible training tools and formats should adapt to learners' availability and diversity, making better use of new technologies to reach a wider audience. The strategy includes the requirement to make more use of 'capsule' (short, up-to-date, tightly focused) e-training to addressing immediate needs in the context of a concrete case. The objective of this procurement is to identify, design and deliver the concept and template of e-learning capsules on all identified relevant areas of EU law for all justice professionals addressed by the strategy and deliver the first set of 40 capsules.
