The procurement is related to a project and/or programme financed by European Union funds:
no

VI.2. Additional information

The total contract value and for each lot it is the same value that was stated in the publication of the procurement. Five parallel framework agreements for each lot have been entered into and the call-offs shall be implemented by using mini-competitions among the providers under the framework agreements. At present it is therefore impossible to estimate the exact values of the contracts.

Lot 2 has different weightings of the award criteria than the other lots. The weightings here are Price 60 % and Quality 40 %.

Consultancy services in the call-offs for this framework agreement shall mainly be carried out in Oslo (Majorstua). There can be, however, and it must be expected, call-offs for consultancy services that must be carried out in other parts of the country.
