2.1. Procedure

Title: RFI - System support sustainability

Description: Norsk rikskringkasting AS (NRK AS) would like to be orientated in the market for standardised off-the-shelf systems in climate accounts, emission analyses and sustainability reports in accordance with the CSRD regulations (Corporate Sustainability Reporting Directive). NRK is open to the need being covered by either one total system system, or a combination of several specialised systems that are integrated with each other. The aim of this RFI is to map available systems, understand the market's maturity, and obtain information on how the tenderers' systems fulfil NRK's functional, technical and commercial frameworks. The information will be used as a basis for any future tender contest.
