##### 2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

##### 2.1.2. Place of performance

Country subdivision (NUTS): Dublin (IE061)

Country: Ireland

##### 2.1.3. Value

Estimated value excluding VAT: 1 400 000,00 EUR

##### 2.1.4. General information

Additional information: This Contract Award Notice is acting as a Modification Notice under Article 72 of Directive 2014/24/EU where contracts and framework agreements may be modified without a new procurement procedure in accordance with Directive 2014/24/EU in

any of the following cases: 72.1(b) for additional works, services or supplies by the original contractor that have become necessary and that were not included in the initial procurement where a change of contractor: (i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, services or installations procured under the initial procurement; and (ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority. Article 72 Section 1(b) - The current Framework and support contract cover bespoke developments that would be technically very difficult for another company to support and must involve significant cost and inconvenience to redevelop in order to ensure supportability. FMEFLOW is a DCC corporate application which requires constant maintenance and upgrading. The application is used extensively within the organisation for data pipelines, data integration and data delivery. The contractor has developed embedded software and applications within this environment in the form of Fixit (A customized application for Housing Maintenance) and Geometry Data pipelines which are required throughout the organisation. The Property Transaction Register is a bespoke heavily customized application developed by the contractor which is required by the planning department for recording and updating transactions related to property. The application holds intellectual property rights with the contractor. The contractor maintains and upgrades this application. The contract provides significant support for this application. The re-development of this application would incur a significant cost.

**Legal basis:**

Directive 2014/24/EU
