II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The objective of the procurement is to establish a competent consultant group for the preparation of the preliminary study for the new water supply from Holsfjorden and assistance in connection with the development plan for this initiative. KVVU for this initiative is now in quality assurance.

A preliminary study shall be prepared with a management document in accordance with the investment regime of Oslo kommune. Technical preliminary study will comprise:

- Intake and pumping station at Holsfjorden.
- Transfer tunnel from Vefsrud (Holsfjorden) to Oslo's municipal border or Oset.
- New water treatment plant with daily capacity of approx. 390 000 m³/24 hour period.
- Transfer of clean water in Oslo from the new water treatment plant to the central connection point in the city.
- Potential transfer tunnel for raw water between the west water treatment plant and Oset. Transfer of raw water both directions.
- Cost calculations for a combined project.

VAV also needs assistance in connection with the preparation of development plans with impact assessments for a combined project. 3 municipalities shall co-ordinate in connection with the development plan work, the County Governor and The Ministry of Climate and Environment will be involved with planning of initiatives at Marka.

NB: Subject to the Public Administration Department for Environment and Transport ordering the preliminary study.

II.1.6. CPV code(s)

71240000 Architectural, engineering and planning services, 71300000 Engineering services, 71310000 Consultative engineering and construction services

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tenderers shall be a legally established company:

— Norwegian companies: Company Registration Certificate.

— Foreign companies: Proof that the company is registered in a trade or business register as prescribed by the law of the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: The tenderer must have the financial capacity to implement the assignment/contract.

— The company's last Annual Financial Statement including notes, the Board's Annual Reports and Audit Reports, including new information of relevance to the company's fiscal numbers.

III.2.3. Technical and professional ability

List and brief description of conditions:

The tenderer shall have competence and experience in engineering design of basins as rock installations and must have carried out assignments of the same nature, complexity, degree of difficulty and scope.

Good geological engineering competence is required and reference projects of such installations should be provided.

Documentation: Reference list of the most important deliveries or services performed during the past 3 years, including information about the value, time, and the name of the public or private recipient.

If the services were for public contracting authorities, this should be documented by certificates issued or confirmed by the authority concerned. If the services were for private contracting authorities, certificates should be issued or confirmed by these. In the absence of this, a declaration from the tenderer will be accepted.

A contact person and contact information for the contracting authority shall be provided. VAV reserves the right to contact the contracting authority.

The supplier shall have a good ability to fulfil the contract.

VAV may emphasise suitable experience with relevant consultants through the assessment of implementation ability.

Documentation: A statement of the tenderer's average workforce and the number of employees in the administrative management during the last 3 years.

The tenderer shall have a well-functioning quality assurance system for the services that are to be provided.

Documentation: Certificates issued by independent bodies that confirm that the tenderer fulfils certain quality assurance standards.

The contracting authority will also accept other documentation of equivalent quality assurance measures presented by tenderers.

If the tenderer's quality assurance system is certified in accordance with ISO9001 or other standard, it is sufficient to enclose the certificate.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 3: and Maximum number 5

Objective criteria for choosing the limited number of candidates: Qualification Requirements.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated yes

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1.

File reference number attributed by the contracting authority

129/2016

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

6.12.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

28.10.2016
