5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: Total price from the price form.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 40

Criterion:

Type: Quality

Name: Quality and service

Description: It is very important for Lørenskog municipality's users that a future supplier of internet based grocery trading has a website that is functional, user friendly and covers all the users' needs. The evaluation of the tenderer's internet shop will be based on a judgemental assessment. The following points will be evaluated: To what degree the page is universally designed, straightforward, simple and intuitive to search To what degree the site has good and clear pictures and product descriptions To what degree an orderer can easily obtain matches by using search fields, e.g. by using keywords, parts of words, singulars, plurals, getting suggestions for searches etc. To what degree the page has good filtering capabilities in the search feature To what degree the site has a good selection of allergy-friendly products To what degree the site has the possibility of fixed shopping lists To what degree the page has simple display for packaging size and nutritional content Lørenskog municipality currently has approx. 50 unique users of the framework agreement on internet-based grocery trading. It is important that tenderers have the capacity to cover all of these users' needs in a satisfactory manner, be it when needed by customer service, flexibility when delivering etc. Documentation Tenderers shall answer questions in the answer boxes that the contracting authority has given in a separate form "Nettbutikk til utfylling". The evaluation will take into account the answers that are in the answer boxes. Any supplements that have not been requested will not be emphasised in the evaluation of the tenders. It is very nice if the supplier uses pictures to show the actual functionality. Also describe the extent of the capacity you have on assignments and how the customer service shall ensure that Lørenskog municipality gets as good service as possible in the same form. In addition, the Contracting Authority will, on its own initiative, visit the Supplier's website at a given time in the evaluation period, in order to test the functionality itself and check the information available on the page. The aim of this is to check how the described functionality is experienced from a user perspective. We request that the tenderer, in question below, provide relevant information for any log in.
