Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: yes

Description of particular conditions: The tenderer shall ensure that employees in own organisation and employees of any sub-providers do not have inferior wage and working conditions than what are determined in the Regulations regarding wage and working conditions in public contracts. For areas that are covered by the Regulations on Common Tariff Agreements, the tenderer shall have wage and working conditions in accordance with the prevailing regulations. For areas that are not covered by the Regulations on Common Tariff Agreements, the tenderer shall have wage and working conditions in accordance with the prevailing nationwide tariff agreement for the relevant business sector. The above mentioned wage and working conditions shall apply to employees belonging to the tenderer and any sub-providers that directly contribute to performance of the contract. The tenderer's general manager shall be responsible for compliance with this rule.

All contracts entered into by the tenderer involving the execution of work in accordance with this contract shall contain similar provisions.

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Qualification requirement no. 1: Tenderers shall have their tax, payroll tax and VAT payments in order.

Documentation requirement no. 1: Norwegian tenderers: Tax and VAT certificate. The certificate shall not be more than 6 months from the deadline for receipt of tenders. The certificate can be electronically obtained from Altinn. Go to skatteetaten.no for further information

Foreign tenderers:

Foreign tenderers shall present equivalent certificates from the country in which they are established. The certificates shall substantiate settled tax and VAT conditions. If the authorities in the relevant country do not issue such certificates, the tenderer may present a statement which verifies that all taxes and duties are paid. The statement shall be approved and signed by the tenderer's financial manager.

Qualification requirement no. 2. The tenderer must be a legally established company.

Documentation requirement no. 2:

Norwegian tenderers:

— Company Registration Certificate.

Foreign tenderers:

— Confirmation that the tenderer is registered in a trade register or company register in accordance with the law in the country where the tenderer is established.

Qualification requirement no. 3: The tenderer must have good conduct.

Documentation requirement no. 3: The tenderers shall, through a self-declaration, verify compliance with the requirements given in section I, annex 3.

III.2.2. Economic and financial ability

III.2.3. Technical and professional ability

List and brief description of conditions:

Qualification requirement no. 4: The tenderer shall have sufficient implementation ability and capacity to comply with the Contracting Authority's requirements included in the framework agreement.

Documentation requirement no. 4: The tenderer shall submit the following documentation:

— An overview of the technical resources in the company, with relevance to this agreement.

— A description of the routines on substitute/standby personnel in case of illness and equivalent, where the proposed personnel is unavailable.

Qualification requirement no. 5: The tenderer shall have good procedures for quality assurance.

Documentation requirement no. 5: A brief presentation of the company's routines in relation to quality assurance, with emphasis on quality assurance, resource management, the management's liability, continuous analyses and improvements. The presentation shall show the tenderer's system for inspecting its own works and reporting both internally and to the contracting authority.

In addition to the presentation, any certifications on quality assurance systems shall also be enclosed.

Qualification requirement no. 6: The tenderer must substantiate competence by equivalent central certification on the following:

— Executor (UTF) in measuring-in and marking out measures in enterprise class 3, and

— Engineer designer (PRO) in surveying technical engineering design in enterprise class 3

Documentation requirement no. 6: The documentation shall be provided in one of the following ways:

Alternative 1: A Copy of central certification as an executor (UTF) in measuring-in and marking out measures in enterprise class 3 and as an engineer designer (PRO) in surveying technical engineering design in enterprise class 3.

Alternative 2: Other documentation which substantiate that the tenderer comply with the conditions for local certification as an executor (UTF) in measuring-in and marking out measures in enterprise class 3 and as an engineer designer (PRO) in surveying technical engineering design in enterprise class 3.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

15/1730

IV.3.2. Previous publication concerning this procedure

Notice on a buyer profile

Notice number in the OJ S: [2015/S 118-216234](#) of 20.6.2015
