II.1.4. Short description

The scope and purpose of the contract

The competition is for a contract for the renovation and development of the water and sewage pipe network. It is difficult for the contracting authority to estimate the value of the contract, but it is expected to be above the EEA threshold value. A general renovation plan for the municipality is being prepared. The contract may include considerable work if the whole renovation plan is approved (2 000 000 - 5 000 000 NOK). The volume must be seen as a non-binding estimate. See part 2, requirement specifications for further information.

The contracting authority has considered dividing up the assignment, but has concluded that it is not appropriate to split it up.
