The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Procurement 42/2016 — Multi-Disciplinary Consulting Team, Klosterenga Park.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Oslo.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Oslo municipality, the Agency for Water and Sewerage Works, has promoted a proposal on the redevelopment of Klosterenga Park. VAV shall, in cooperation with the Agency for Urban Development, the Agency for Culture and Gamle Oslo District, manage the project 'Opening of Hovinbekken in Klosterenga Park'. The re-opening shall contribute to handling local surface water and to achieving the targets in the Water Regulations on good ecological and chemical water quality. The design of the stream with stone elements and the placement of pieces of art in accordance with the artist Bård Breivik's plans is an important part of the project. The artistic idea for the park is that the sculptural stone elements are connected by the use of water from the opening of the stream. The re-opening shall also fulfil Bård Breivik's property rights by designing the continued stream with new art and stone elements. The supply of water in and on the art elements is decisive for achieving a good, uniform completed concept.

It is an important political aim that Oslo's ever growing population is ensured good access to areas that give good possibilities for outdoor activities, recreation, sports and physical activities.

This project shall promote and strengthen Klosterenga Park's role and function as a central urban area and recreation area in Oslo.

The project shall develop nature qualities connected to the re-opened stream and the general footpath network through the park. The project shall see to existing landscape qualities and at the same time develop the park's role both as a transport corridor for pedestrians and as an outdoor area and social meeting place that promotes well-being.

In order to carry out the project 'Opening Hovinbekken in Klosterenga Park' in accordance with the adopted development plan, VAV shall, as the builder, together with the Agency for Urban Development (BYM), the Agency for Culture (KUL) and Gamle Oslo District (BGO), prepare a preliminary project. VAV requires resources and technical competence for the preparation of the preliminary project. Provided that the decision is made to implement the project, there will also be a need for assistance with detailed engineering design services and follow-up in the construction period. There will be a need for a multi-disciplinary consultancy team for the engineering design services.

The aim of the procurement is to cover the need for the services that the multi-disciplinary consultancy team shall assist the builder and the mentioned actors in this work with. The procurement covers the preliminary project with an option for the detailed project and follow-up in the construction period. The consultancy team shall cover all the elements in the project; Opening the stream, park development and facilitating the placement of art and stone elements. The work connected with the art deliveries will mostly be carried out in separate contracts that KUL has entered into. The consultant team shall have close cooperation and a clear interface with this delivery in cooperation with KUL's contracts/deliveries.

The multi-disciplinary consultancy team shall cover the following disciplines: Water and sewage, technical stream competence and LARK. With support of RIB, RIE, VEI and GEO.

II.1.6. CPV code(s)

72224000 Project management consultancy services, 71210000 Advisory architectural services, 71311000 Civil engineering consultancy services, 71320000 Engineering design services, 71322000 Engineering design services for the construction of civil engineering works

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The contract period for the preliminary project start as soon as possible, and runs throughout the 1st quarter of 2017. It is planned to trigger the option for detailed project in April 2017. If the option is triggered, the assignment will run until September 2019. The option will be taken up on the same terms.

II.2.2. Information about options

Options: yes

Description of options: There will be an option for the preparation of the detailed engineering design services and follow-up in the construction period. It is a prerequisite for the option that there is financing for the project after the preliminary engineering design services.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 16.1.2017. Completion 20.4.2017

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirement:

— The tenderer shall be a legally established company.

Documentation requirement:

Norwegian companies: Company Registration Certificate.

— Foreign companies: Proof that the company is registered in a trade or business register as prescribed by the law of the country where the company is established.

III.2.2. Economic and financial ability

List and brief description of conditions: Requirements

— The tenderer must have the economic capacity to carry out the assignment/contract.

Documentation requirement:

— The company's last 2 Annual Financial Statements including notes, the board's annual reports and audit reports, as well as new information of relevance to the company's fiscal figures.

and/or

— Credit evaluation/rating, not older than 3 months, based on the last known fiscal figures. The entire credit rating report must be submitted, and it must contain key figures for the last 3 financial years. A credit assessment/rating should be carried out by an officially approved credit rating institution.

Minimum level(s) of standards possibly required: Requirements

— The tenderer's tax affairs shall be in order in relation to payment of tax and VAT.

Documentation requirement:

— Certificate for tax and VAT that is not more than 6 months old. The certificate can be ordered and downloaded from Altinn. If this is not possible, it can be ordered from the tax collector or the Norwegian Tax Administration.

— Foreign tenderers must provide certificates from equivalent authorities to the Norwegian authorities.

III.2.3. Technical and professional ability

List and brief description of conditions:

Requirements

— Relevant experience is required from equivalent assignments, including planning and engineering design services related to opening streams and park projects where water was an important part.

Documentation requirement:

— List of the most important deliveries and/or services performed during the past 3 years, including information on the value, date, and the name of the public or private recipients. If the services were for public contracting authorities, this should be documented by certificates issued or confirmed by the authority concerned. If the services were for private contracting authorities, certificates should be issued or confirmed by these.

In the absence of this, a declaration from the tenderer will be accepted.

Requirement:

— Tenderers shall have sufficient capacity and the ability to fulfil the contract.

Documentation requirement:

— A statement of the tenderer's average workforce and the number of employees in the administrative management in the last 3 years.

Requirement:

— The tenderer shall have a quality assurance system adapted to the services that will be provided.

Documentation requirement:

The service provider shall give an account of the quality assurance system which will be used for the contract work in question. The account shall describe the system's main elements that are relevant for this contract and it shall give an overview (table of contents) that shows the

system in its entirety.

If the tenderer's quality assurance system is certified in accordance with ISO 9001 or another standard, it is sufficient to enclose a certificate thereof.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Criteria below

1. Price. Weighting 30
2. Expertise and experience. Weighting 40
3. Assignment comprehension. Weighting 30

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

42/2016

IV.3.2. Previous publication concerning this procedure

Notice on a buyer profile

Notice number in the OJ S: [2016/S 102-183417](#) of 28.5.2016

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

9.12.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 5.2.2017

IV.3.8. Conditions for opening of tenders

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

29.10.2016
