Norway – Construction, foundation and surface works for highways, roads – 1-BYM-2025

Operation and maintenance of the road network in the Area Oslo North.

OJ S 107/2026 05/06/2026

Contract or concession award notice – standard regime

Works

### 1. Buyer

---

#### 1.1. Buyer

Official name: Oslo Kommune Bymiljøetaten

Email: [postmottak@bym.oslo.kommune.no](mailto:postmottak@bym.oslo.kommune.no)

Legal type of the buyer: Body governed by public law, controlled by a local authority

Activity of the contracting authority: General public services

### 2. Procedure

---

#### 2.1. Procedure

Title: 1-BYM-2025 Operation and maintenance of the road network in the Area Oslo North.  
Description: Oslo municipality c/o the Agency for Urban Environment (henceforth referred to as the Contracting Authority) invites tenderers to a competition with negotiations for the procurement of a contract for the operation and maintenance of the road network in the area north of Oslo. The contracting authority is responsible for the municipal road network, including the normed county road network. The contracting authority is responsible for following up the requirements for noise and air pollution from roads given in the regulations of the Pollution Act. Furthermore, the Contracting Authority is responsible for long-term transport planning, traffic and street use plans, traffic safety and plans for accessibility measures for public transport as well as management and operation of municipal urban areas in Oslo. The urban space includes common areas such as roads and streets, squares and meeting places, parks and public recreation areas. The area of responsibility also includes municipal sports facilities and outdoor facilities, as well as municipal landscape rooms in the fields and inner Oslofjord. An important part of the management responsibility is connected to the procurement of services in the operation and maintenance of the road network in order to ensure good conditions for all road user groups. The aim of the procurement is to enter into a contract for the execution of operation and maintenance of roads to safeguard traffic safety and the infrastructure of previous investments and maintain the standard of the road network. The procurement shall ensure the provision of services and activities that are necessary out on the road network in order for traffic to arrive in a safe and efficient way. There is a continual need for operation and maintenance of roads, pavements, foot and cycle paths and foot paths within the entire municipality of Oslo. This procurement shall cover operation and maintenance in the area north of Oslo. The contract work includes, among other things, emptying sand traps, patching asphalt holes, cleaning and sweeping, snow clearing, removal of snow, gritting, emptying waste at stops, as well as cutting grass in central discounts. Minor maintenance work, such as replacing edge stones, repairing damaged or worn speed bumps and replacing damaged drains are a part of the contract work. Minor investment measures can also be included in the contract work. The works can, for example, be crossing tensioning, establishing new speed bumps, pruning along the pavement, upgrading/asphalting/maintaining stretches with footpaths and cycle paths. These work will, in such cases, be carried out as calculation works.

The contract is not exclusive in regard to calculation works. For a more detailed description of the contract work and scope, see Annex 1 "Description of the Contract Work" and all annexes to the description. The stated estimated value is the average estimated annual contract value and it is based on historical figures from previous contracts. The actual extent of the assignments will vary. Subject to budget decisions and grants, as well as organisational changes. The amounts can be changed as regards budget adjustments during the contract period and changes to the contract work can occur during the contract period. The procurement shall contribute to making Oslo an active, green, safe and beautiful city for inhabitants and visitors. The negotiated procedure consists of two stages. The first step means that all interested suppliers can send a request to participate in the competition. The stated tender deadline on the time line is the estimated date. Qualified tenderers are invited to submit a tender in stage two. Tenderers who are invited to submit a tender will have access to the price form. The stated tender deadline is estimated. See the qualification and tender documentation for further information on the implementation of the competition.

Procedure identifier: 36a80020-578e-4094-a2ad-4b239cceed98

Internal identifier: 1400

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

works, 45233251 Resurfacing works, 45233252 Surface work for streets, 71631480 Road-inspection services, 90000000 Sewage, refuse, cleaning and environmental services, 90610000 Street-cleaning and sweeping services, 90500000 Refuse and waste related services, 90612000 Street-sweeping services, 90620000 Snow-clearing services

#### **5.1.2. Place of performance**

Country subdivision (NUTS): Oslo (NO081)

Country: Norway

#### **5.1.3. Estimated duration**

Start date: 01/09/2026

Duration end date: 31/08/2031

#### **5.1.4. Renewal**

Maximum renewals: 1

Other information about renewals: One year. Option for a contract extension for 1 year.

#### **5.1.6. General information**

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

#### **5.1.10. Award criteria**

##### **Criterion:**

Type: Price

Description: The prices stated in the price form will form the basis.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 70

##### **Criterion:**

Type: Quality

Description: Quality/assignment comprehension of contract works. The tenderer's execution of the contractual works snow clearing (B.2), gritting (B.4) as well as clearing and removal of snow (B.5) and the execution of cleaning for spring cleaning (C.3).

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 30

#### **5.1.15. Techniques**

##### **Framework agreement:**

No framework agreement

##### **Information about the dynamic purchasing system:**

No dynamic purchase system

#### **5.1.16. Further information, mediation and review**

Review organisation: Oslo tingrett

Organisation providing additional information about the procurement procedure: Oslo Kommune Bymiljøetaten

Organisation providing more information on the review procedures: Oslo Kommune Bymiljøetaten

## **6. Results**

---

Value of all contracts awarded in this notice: 377 732 910,00 NOK

### **6.1. Result lot identifier: LOT-0001**

Winner selection status: At least one winner was chosen.

#### 6.1.2. Information about winners

**Winner:**

Official name: Total Uteservice AS

**Tender:**

Tender identifier: 1677

Identifier of lot or group of lots: LOT-0001

Value of the tender: 377 732 910,00 NOK

Subcontracting: No

**Contract information:**

Identifier of the contract: 22a20497-8603-4cd2-b20b-6acf9b15bea1

Date of the conclusion of the contract: 12/05/2026

#### 6.1.4. Statistical information

**Received tenders or requests to participate:**

Type of received submissions: Tenders submitted electronically

Number of tenders or requests to participate received: 7
