**Section II: Object of the contract**

---

**II.1. Description**

**II.1.1. Title**

Framework agreement for firewalls.

**II.1.2. Type of contract and place of performance or delivery**

Supplies

Purchase

Main site or place of performance: Oslo, Bergen and Tromsø, Norway.

NUTS code

**II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**

The procurement involves the establishment of a framework agreement

**II.1.4. Short description of the contract or purchase(s)**

The aim of the procurement is to replace the institute's existing enterprise firewall system in the computer centre with a new system with higher service and more functionality. The current firewall system is used to secure DMZ, the server network and the user network. It supports max. 5 Gbit/s firewall throughput and a minimum 10 Gbit/s and has 10 GbE-ports. The offered

system must support stateful failover and consist of a minimum of two hardware units that shall be placed in 2 separate computer rooms.

In addition to replacing the firewall system in the computer centre, there will be a need for further procurements of firewalls for our regional offices and small locations in the coming years. We would therefore like to establish a framework agreement for the procurement of firewalls. The framework agreement shall cover our need for firewall system within the framework agreement period.

**II.1.5. CPV code(s)**

32412000 Communications network, 32412110 Internet network

**II.1.6. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

**II.2. Total value of the contract/lot**
