This is only an informative figure and it is not binding for the contracting authority. The company health service must participate in the unit's systematic HSE work, based on the unit's needs and the current protection under the law. We have made 3 lots for the procurement of company health services. 1 lot per region. If a tenderer

Would like to offer his services in several areas, a separate tender must be prepared for each individual lot. Tenders must not include

Conditions for providing the service in several regions. We reserve the right to choose how we award contracts after we have evaluated the received tenders, or whether we choose to hold several meetings with one or more of the tenderers. We also reserve the right to re-announce the competition in one or several regions if there are too few tenderers or if there are shortcomings in the tenders.

A Framework Agreement will be signed with one tenderer for each of the above-mentioned areas. The service provider will, in the contract period, have to deal with one contact person

from HR, who will follow-up all the framework agreements and who must receive reports on the service provision at a regional level. The service provider will, in the contract period, also have to deal with one contact person per school in the area, one contact person for the dental health service in the area and one contact person per operations unit for culture in the area. In the Central Region, there will, in addition, be a contact person for the county administration. The chosen service provider will, together with these contact persons, work to adapt the services to the local operation unit's needs for company health services.

This competition is for the Northern Region.

An overview of the county units and the number of employees is in annex 1.
