II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

Oslo municipality wishes to enter into a framework agreement that gives the central areas of Oslo and all of Oslo municipality's activities the possibilities to procure network equipment,

with accompanying consultancy, installation and configuration services. Requirement will typically occur when our current equipment reach end-of-life, when there are expansions and alterations in the existing network, or in connection with new establishment or relocation of activities.

The components to central networks are strongly linked to software for control and monitoring. It is also dependencies between components in a given value chain. Compatibility with existing equipment is therefore required.

The framework agreement shall be available for all of the municipality's activities, regardless if they are included in 'Oslofelles' or not.

II.1.5. CPV code(s)

32420000 Network equipment
