Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement:

Norwegian tenderers: Company registration certificate.

Foreign companies: Verification that the company is registered in a company register, professional register or a trade register in the state where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Documentation requirement:

The auditor approved annual accounts for the last two years including the auditor's reports.

If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position with any other document that the contracting authority deems suitable.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement 1:

Tenderers must have experience from comparable assignments.

Requirement 2:

Tenderers must have a good and well-functioning quality assurance system and an environment management system.

Documentation requirement 1:

Description of the tenderer's most relevant contracts in the course of the last three years. The description must include a statement of the assignment value, contract period, and the contracting authority (name, contact person, telephone number and email address).

It is the tenderer's responsibility to confirm relevance through the description.

Documentation requirement 2:

If the routines are described in the tenderer's quality assurance or management system in accordance with ISO standards or equivalent third party verified system, it is sufficient to present a valid certificate with information on where this is detailed.

Alternatively, an existing quality assurance system and routines that substantiate that the requirement is fulfilled can be described.

Tenderers must have a functioning quality system themselves, and cannot rely on sub-suppliers/cooperation partners for fulfilment of this requirement.
