Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

- the tenderer must be a legally established company,
- Norwegian companies: company registration certificate,
- foreign companies: a verification showing that the company is registered in a trade index or business register as prescribed by the law of the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

- the tenderer must have the economic capacity to fulfil the contract.

Minimum level(s) of standards possibly required:

- credit evaluation/rating, not older than 6 months, based on the last known accounting figures.

The contracting authority reserves the right to obtain further credit ratings or other financial information (annual financial statements including notes, the board's annual reports and the auditor's reports, as well as recent information of relevance for the company's fiscal figures).

III.1.3. Technical and professional ability

List and brief description of selection criteria:

The tenderer (as a company) shall have competence and experience from relevant consultancy services and shall have carried out assignments of the same nature, complexity /degree of difficulty and scope/size.

Sufficient capacity and suitable manpower to execute the contract.

Tenderers must have a well-functioning quality assurance system that is adapted to the content of the contract.

Minimum level(s) of standards possibly required:

Overview of the tenderer's most important relevant contracts in the last 3 years, including information on the type of project, the role in the reference project, the project's value, date, recipient (name, telephone number and e-mail address). The contracting authority reserves the right to contact the references.

— an overview shall be given of the company's number of employees,

— a competence matrix shall be given for the employees, where each discipline and competence level are stated. Note that this qualification requirement does not include the employees' CVs.

Certificate of the company's quality system/management system issued by independent bodies, which confirms that the tenderer complies with certain quality assurance standards, for example ISO certification. The contracting authority will also accept other documentation which shows that the tenderer has equivalent quality assurance measures. As a minimum, a general description of the system's content, including an overview of inspection plans and check-lists that are relevant for this contract, must be submitted.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See the tender documentation.
