Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Acquisition of data on companies and other legal entities.

Reference number: OLAF/C3/76/2016.

II.1.2. Main CPV code

72320000 Database services

II.1.3. Type of contract

Services

II.1.4. Short description

The purpose is to conclude a framework service contract which will be used by OLAF in order to acquire data on companies and other legal entities to constitute a source of information as

well as data input for analysis. OLAF is seeking a contractor that can provide a commercial database with comprehensive global coverage containing detailed data on a maximum of companies and entities worldwide and across all economic sectors.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

72314000 Data collection and collation services

II.2.3. Place of performance

NUTS code: BE100 Arr. de Bruxelles-Capitale/Arr. Brussel-Hoofdstad

Main site or place of performance: The main place of performance of services will be the premises of the European Anti-Fraud Office (OLAF) in Brussels.

II.2.4. Description of the procurement

The database must contain at minimum information about the identification of the company, executives and shareholders, basic financial data, information about employment and the corporate structure. Information on the location of the company and its affiliates or branches, as well as information on the ownership links between companies are requested. The data shall also allow the identification of cross-border and domestic affiliates and branches, including their nature and number, and the corresponding participation and control percentages.

See technical specifications.

All data must be extracted from reliable sources. The database must contain the most recent data with historical data and be updated on a regular and timely basis at least once a month almost without exception. The product shall also allow the selection of certain data from the database for further analysis according to specified criteria, either by exporting the data with some add-in function or by manipulation of the data using associated software.

The database must be accessible to OLAF and can be used by official staff, working and/or cooperating exclusively on projects ordered by OLAF or actions within the mission of OLAF and requiring an access to the database. Services that ensure continuous accessibility to the database and its use (i.e. for user support, online help, backed up with a helpdesk contactable by phone and e-mail, training and documentation) must be included in the package.

Searches in the database should be possible on the basis of parts of the name of the company or national registration number/VAT number.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 12

This contract is subject to renewal: yes

Description of renewals:

The framework contract will be awarded for an initial period of 1 calendar year and may be renewed annually up to 3 times. The overall duration of the framework contract shall not exceed 4 years. Its renewal will be automatic and under the same conditions.

II.2.10. Information about variants

Variants will be accepted: no
