2.1.4. General information

Additional information: Remarques au sujet de l'interruption Critères d'adjudication de nature à compromettre le respect des principes de transparence et d'égalité de traitement. Le règlement d'appel d'offres mentionne que l'offre financière sera jugée selon le montant de la 'redevance annuelle totale'. Cependant, il est demandé aux candidats d'évaluer des taux de redevances en fonction d'un minimum garanti et des taux de redevances en fonction d'un complément évalué par le candidat sur le minimum garanti. Ces deux montants additionnés (le minimum garanti + le complément envisagé) correspondent au montant de la 'redevance annuelle totale'. La note sur le critère financier est attribuée en fonction du montant de la redevance totale qui correspond à un montant global théorique non garanti. Le candidat a donc toute liberté, pour remporter le marché, de transmettre un minimum garanti très faible avec un complément à ce minimum très élevé. Cette situation ne permet pas de respecter les principes de transparence et d'égalité de traitement entre les parties.
