Vinje is a leading tourist municipality that uses natural resources and culture to increase value creation within tourism and visitor business. Rauland and Vågsliid are priority areas for tourism. By priority area we mean compact holiday cabin development, connection to municipal infrastructure and major facilitation of communal benefits such as a ski track network and other qualities that make the priority area an attractive destination. We will secure and facilitate paths, ski tracks and access to recreational areas through cooperation with landowners and organisations.

The business plan for Vinje municipality 2017-2021 was adopted in the municipal council on 6.4.2017. Tourism is one of 3 main priority areas in the municipality. Tourism is the main business in the municipality, which includes tourism destination and holiday cabin destination. On 5.12.2017 Vinje municipality signed a contract with Visit Telemark AS for a basic package. The municipality will be responsible for the rest of the tourism assignments. Vinje municipality therefore needs a contract with a cooperation partner to carry out these other assignments. Run a year-round tourist office in the municipality.
