Services

#### **II.1.4. Short description**

The meteorologists at the Norwegian Meteorological Institute use a work platform with access to tools and map layers that they use to forecast the weather. The current work platform has been developed over many years and has a lot of functionality.

The requested consultant will participate in the developer team and will work on the development of a new and modern platform. The work assignments will mainly be carried out from the Norwegian Meteorological Institute's premises in Blindern, Oslo. There can be some travel required for the work assignments.

#### **II.1.5. Estimated total value**

Value excluding VAT: 6 000 000,00 NOK

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.3. Place of performance**

NUTS code: NO081 Oslo

#### **II.2.4. Description of the procurement**

The meteorologists at the Norwegian Meteorological Institute use a work platform with access to tools and map layers that they use to forecast the weather. The current work platform has been developed over many years and has a lot of functionality.

The requested consultant will participate in the developer team and will work on the development of a new and modern platform. The work assignments will mainly be carried out from the Norwegian Meteorological Institute's premises in Blindern, Oslo. There can be some travel required for the work assignments.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents
