### **II.1.5. Short description of the contract or purchase(s)**

The procurement comprises upgrading of the metro indoor stations, Vestli, Stovner and Romsås.

Bridge over the tracks at Romsås shall be refurbished.

Upgrading of interior and lighting shall be performed, among with other things based on the requirements of universal design and fire safety.

In addition to the construction work, electrical work will be a substantial part of the procurement, including exchange of switchboards and sub-distribution boards to ensure power supply for the new electrical system.

The contract will be divided into three contracts: one for each of the metro stations. Award authority will consider whether service providers meet the eligibility requirements in the three contracts that constitute the procurement. Thus, a service provider will be considered eligible to tender for one, two or three contracts.

The metro service will be closed from 24.6.2013 until 23.9.2013, and all activities close to tracks must be executed during this period.
