**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Parallel Framework Agreements for Geological Consultancy and Engineering Design

Reference number: 163/2017

**II.1.2. Main CPV code**

71351220 Geological consultancy services

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

Vann- og avløpsetaten (VAV) needs to establish three parallel Framework Agreements which shall cover the VAV's requirements for geological consultancy and engineering design for VAV's projects and departments. The objective of the contract is to ensure VAV the necessary professional HR in connection with the implementation of inspections and construction projects. Implementation of tunnel projects will i.a. require major support. The estimated financial frame of the parallel agreements is up to 90 000 000 NOK over a 6 year contract

period. The scope of assignments will vary from year to year. The stated value is an estimate without obligations for the Contracting Authority. VAV reserves the right to conduct separate tender contest in connection with larger volume and complicated plants, and when the agency finds it suitable. VAV reserves the right to engage potential remaining capacity to current Framework Agreements. VAV has separate Framework Agreements which include environmental engineering surveys, as well as geotechnical engineering design and surveys.

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

71351910 Geology services, 71351913 Geological exploration services, 71320000 Engineering design services

#### **II.2.3. Place of performance**

NUTS code: NO011 Oslo

#### **II.2.4. Description of the procurement**

Vann- og avløpsetaten (VAV) needs to establish three parallel Framework Agreements which shall cover the VAV's requirements for geological consultancy and engineering design for VAV's projects and departments. The objective of the contract is to ensure VAV the necessary professional HR in connection with the implementation of inspections and construction projects. Implementation of tunnel projects will i.a. require major support. The estimated financial frame of the parallel agreements is up to 90 000 000 NOK over a 6 year contract period. The scope of assignments will vary from year to year. The stated value is an estimate without obligations for the Contracting Authority. VAV reserves the right to conduct separate tender contest in connection with larger volume and complicated plants, and when the agency finds it suitable. VAV reserves the right to engage potential remaining capacity to current Framework Agreements. VAV has separate Framework Agreements which include environmental engineering surveys, as well as geotechnical engineering design and surveys.
