2. Procedure

2.1. Procedure

Title: Procurement of consultancy services to further develop the ordering transport service SVIPP

Description: AKT shall procure consultancy services to further develop the flexible booking transport service Svipp. A framework agreement shall be established for consultancy services for the work on new and innovative systems. Tenderers shall offer assistance within IT development - system development, system maintenance, data security and SLA operations. The tenderer will work closely with the Contracting Authority and other joint venture partners. The potential for Svipp is huge, and there are already other actors who have taken the software into use. In order to keep Svipp competitive, it will be necessary to continually develop new systems in accordance with good DevOps standards. The contracting authority has not determined exactly what this will involve, but based on AKT's experience and input from interested parties, a number of possibilities have emerged: • Improve access management of users • Collect in one zone to deliver to another via Interchange between "routes". • Integration with school transport for students • Integration with on-board system for sales and inspections of tickets. • The system shall, in the long term, both be able to deliver and obtain timetable data from Entur's systems. • Export and import of data to and from other systems The further development shall be carried out on the already existing system and not as a new development based on what has been done so far.

Procedure identifier: d9513183-9f33-4103-89c3-8aeea59a4c1f

Previous notice: 27737568-fcfc-4166-a601-ca3b422eff1b-01

Internal identifier: 407225

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The competition will be held in accordance with the Public Procurement Act from 17 June 2016 no. 73 ("LOA") and the public procurement regulations (FOR-2016-08-12-974) ("FOA"). The procurement follows the rules in PPR parts I and III and will be implemented as an open tender contest.

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 72212100 Industry specific software development services

Additional classification (cpv): 72212215 Networking developers software development services, 72212218 License management software development services, 72212219

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: Response to Annex 5 to SSA-R

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 50

Criterion:

Type: Quality

Name: Quality of the delivery

Description: • Responses to Annex 1 to SSA-R • CVs for key personnel. Description of the competence and experience of other offered personnel. Response to Annex 1: Reference overview of equivalent assignments. • Tenderers shall, in addition, provide a short text describing the offered delivery quality. The text ought to bind together the description of the competence of the offered resource and the stated reference projects and show what

assumptions this provides for high quality in this delivery. Describe how the offered resource has contributed to the reference assignments in question, as well as comparative value. • The tenderer's description of capacity and other resources that are available for the assignment ought to be described. Extent of the response: Up to 2 pages.
Category of award weight criterion: Weight (percentage, exact)
Award criterion number: 50
