II.2.4. Description of the procurement

The overarching aims of the Derbyshire Community Paediatric Continence service will be to:

- treat children and young people from birth -19 years with the full spectrum of bladder and bowel dysfunction, run by a community based multi-disciplinary team and led by a Paediatric Continence Nurse Specialist,
- have an effective referral and care pathways to medical assessment and intervention at primary, secondary/ tertiary care levels, education, Child and Adolescent Mental Health Services (CAMHS) and to social services,
- respond effectively to the physical, psychological and social needs of Children and Young People with bladder and bowel dysfunction and toileting difficulties in a way that prevents inappropriate referral to secondary care. Where specialist intervention is required, to transfer care back to the community as soon as appropriate,
- have a seamless pathway where Children and Young People would be escalated to Paediatricians in the community or secondary care for the level 3 service and de-escalated to the Public Health commissioned Level 1 service.

The overall Service level outcomes will be:

- All children and young people are seen within, 8 weeks maximum wait time for first appointment,
- Reduction in the rates of A&E attendances and unplanned admissions for constipation and urinary tract infections and reduction in consultant led outpatient appointments,
- The service will increase confidence and ability of appropriate school/settings staff and parents/carers to be able to become an integral part of the care of children with continence needs,
- Following involvement with the service, children and young people will be enabled to improve their access to the national curriculum,
- The service will demonstrate the effectiveness of the work it carries out, including comprehensive and routine use of Patient Reported Outcome Measures (PROMs) and validated, reliable and reproducible quality-of-life (QoL) measures.
