New organ in Sylling church

Lier kommune. Organ Consultant Abram Bezuijen, e-mail: [post@abram.no](mailto:post@abram.no)

The pre-qualification of suppliers for a competition with negotiations

This is a pre-qualification of suppliers for a new organ in Sylling church.

The Lier kirkelige fellesråd invites to the pre-qualification of 3 to four suppliers in connection with an agreement for the design, construction and installation of a new organ in Sylling church. The assignment includes both the solution and the price implemented as a total contract.

A new organ will fill the need for a modern organ, be mechanically and built by proven craftsmanship traditions, with panelling of whole wood etc.

The new organ will be allocated so that it meets the requirements for management of hymns and liturgy. It must also be a good solo instrument, and be useful to the accompaniment of soloists / choir. The church is listed.

The organ will be built on the gallery with about 14-16 parts, distributed over two manuals and the pedal.

The organ facade should be adapted for the inside of the church.

Sylling church is located in Lier kommune in Buskerud county, and the church was built in 1852. Various pictures of church's interior can be found on the website: (<http://www.kirkesok.no/kirker/Sylling-kirke>)
