II.1.2. Main CPV code

32000000 Radio, television, communication, telecommunication and related equipment

II.1.3. Type of contract

Supplies

II.1.4. Short description

Kilden Theatre and Concert Hall in Kristiansand (Kilden) is one of the Nordic countries' most exciting environments for professional stage art and music. The Arts Centre houses Kristiansand Symphony Orchestra, Kilden Theatre, Kilden Opera, Kilden Culture and an innovative execution of the social side of the social assignment through Kilden Dialogue. In interaction with each other, they represent an unparalleled cultural operating concept, in one unified organisation which is also one of the country's largest halls for the performing arts and music. Kilden is also a large employer with over 200 permanent employees.

II.1.5. Estimated total value

Value excluding VAT: 2 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Sjølystveien 2 4610 Kristiansand

II.2.4. Description of the procurement

The contracting authority is planning to procure two projectors. We want a modular system where light sources and control units can be rack-mounted in the technical room due to noise levels. We would like a complete fully functioning solution that will include two projectors with projection in 4K, Aspect ratio: 16:9 4K-UHD, Resolution: 3860x2160p50 and 3860x2160p60, RGB LASER

The projectors must have the following specifications/characteristics:

- 2 projectors with 4K (3840x2160) projection (Minimum 26000 ISO LUMEN)
- Aspect ratio: 16:9 4K-UHD
- Resolution: 3840x2160p50 and 3840x2160p60
- RGB LASER
- Modular (important with separation between light source and head so that the light source can be placed in the technical room to reduce noise in the room).
- It must be possible to divide the light source into a minimum of 3 units of 10000 ISO LUMEN each, to ensure redundancy.
- Each light source is not to exceed 3U in height due to space in the technical room.
- 2 lenses that cover the entire width of the stage.
- Video input minimum 1 Displayport, 1 HDbaseT, and 1 HDMI2.0a. (Preferred for 12G-SDI)
- Noise level from head 42dba or better.
- Adjustable colour temperature: 3300-10000k
- Minimum 2000:1 contrast.

- Weight of projector head: 35kg or lighter due to suspension under the balcony in the hall.
- The maximum size of the head in the room can be (HxWxL) 45x45x50cm due to the line of sight in the room.
- Heads, controllers and light sources must be delivered fully assembled in a rack, labelled and tested.

Requirements for the system are listed under Requirements under the Evaluation tab. All requirements must be fulfilled for the offer to be approved and evaluated. A complete system with all specifications must be included in the tender sum.

The equipment must be of high quality and have stability and image quality at the broadcast level, and it must be user-friendly and have a long service life.

The system must be delivered, installed, tested and ready for use by 2 October 2023 at the latest.

One day of general user training at the contracting authority's premises on the daily use and operation of the system for the contracting authority's users must be included in the tender price.

Furthermore, the contracting authority would like to enter into a service agreement, and the warranty period for the system must be stated. This must be included in the tender price.

It is preferable that the offered projectors have SDI input. If the projectors do not currently have it, any solution for this must be proposed and the price must be stated. The tender sum is not to include the price for this (option).

We do not accept partial offers, but are happy to receive parallel offers (different offers from the same tenderer). In order to fulfil the requirements for competition and verifiability, protocol and evaluation in the portal, please contact support@mercell.com for assistance on how to submit multiple tenders.

The tender with the best price/quality ratio will be the winner of the contest.

The prices must include all costs connected with the delivery, such as administration and invoicing costs, packaging, customs, taxes, and duties (not VAT). The products must be delivered free of charge and installed at the contracting authority.

Due to holidays, we will not answer questions in weeks 27 and 29-30.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 2 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/09/2023 End: 31/12/2023

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no
