Type of procedure: Open

2.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45112720 Landscaping work for sports grounds and recreational areas

2.1.2. Place of performance

Town: Ennetbaden

Postcode: 5408

Country subdivision (NUTS): Aargau (CH033)

Country: Switzerland

2.1.4. General information

Additional information: Substantiation for award decision The award criteria were price (weighting 60%), references (weighting 25%), and the qualifications of the personnel deployed. Within the specified 35-day period, only one offer was received, from Schoop + Co.

AG, Baden. This offer was reviewed for formal and substantive accuracy, and the references were verified. It was discovered that the quantities for loading, transporting, and disposing of the grass clippings were specified in m³ instead of m². This resulted in a very high price for these items. These tasks are carried out as part of normal maintenance by the municipal works department, and the grass is provided to a farmer as fodder for his sheep. These two items will be removed from the scope of services after consultation with Schoop + Co. AG and will be performed by the municipal works department. With this correction, the offer falls within the limits of the cost estimate. Because the offer is within the scope of the collective agreement and all documents are complete and the references are satisfactory, the contract will be awarded to the offeror, even if there are no competing offers.
