Section II: Object of the contract

II.1. Description

II.1.1. Title

Provision of a Vehicle Accident Damage Repair Service.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 1: Maintenance and repair services

Main site or place of performance: Various locations within the Strathclyde Police Force Area as may be required.

NUTS code UKM3 South Western Scotland

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

The Police Authority anticipated that there may be awards to several contractors as a result of

this tender exercise but reserved the right to award to one contractor.

The Contractor(s) must provide a service for the collection of damaged vehicles from workshop locations at Strathclyde Police / Ambulance premises; the repair of the said vehicles and their delivery back to workshop locations at Strathclyde Police / Ambulance premises (the 'Services'). All transportation of vehicles must be by secure full lift recovery vehicles: the Force will accept no alternative methods.

The Contractors' premises must have adequate and appropriate facilities to provide vehicle repair services to the standards detailed in the ITT and must include the capability for:

- Re-finishing works;
- Paint/Spray;
- Fitting of beacons, lights, aerials, audible warning devices, reflective / fluorescent marking tape etc;
- Removal and replacement of damaged bodywork panels;
- Removal and replacement of mechanical and electrical components; and
- An alignment of complete body and steering geometry.

The premises must be within one hour's travel of the Transport Department based at the Meiklewood Road Complex, Glasgow, to allow nominated representatives of the Joint Board the opportunity to visit and monitor repairs as required.

The Services must be available during normal working hours (Monday to Friday, 0900 to 1700 hours) and at any other times detailed by the Contractor in its Tender submission.

Vehicle repairs are to be carried out in accordance with the ITT Specification and to the quality standards set by the appropriate vehicle manufacturer and within the repair times set by an approved automotive repair costing system.

It is desirable that Tenderers have obtained, or are in the process of achieving, certification under quality standard ISO 9001:2000 and environmental standard ISO 14001:2004 or equivalents.

Welders employed and/or appointed by the Contractor to carry out welding repairs must be accredited to BS 1140:1993 or equivalent for spot welding and BS 4872-2:1976 or equivalent for MIG welding and must adhere to any new legislation in relation to welding repair work undertaken over the period of the Contract.

Vehicles held by the Contractor(s), whether awaiting repair, or awaiting delivery after repairs have been completed, are to be held free of any storage charge. During working hours the vehicles must be held in a facility with a secure perimeter protected by means acceptable to the Force. Outwith working hours the vehicles must be held under cover in a secure facility protected by means acceptable to the Force.

The Contractor(s) must guarantee all repair work to cover faulty materials and workmanship for a minimum period of twelve months, or for the remaining period of the vehicle warranty, whichever is the greater, from the date the work is carried out. Any parts fitted should be covered by the part manufacturer's normal warranty terms. The Contractor guarantee for materials and workmanship and any part warranty must be transferable to the first owner of the vehicle upon disposal by the Police Authority should the guarantee/warranty still be valid. Should a repair or replacement be unsuccessful within the period of the Contractor's guarantee or part warranty, the Contractor will be required to carry out rectification work, including collection/delivery of the vehicle, free of charge.

Section VI: Complementary information

VI.1. Information about European Union funds

VI.2. Additional information

(SC Ref:247209)

VI.3. Procedures for review

VI.3.1. Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: If proceedings are served on the Contracting Authority in relation to a contract that has not yet been entered into, the procurement process will be automatically suspended. The Public Contracts (Scotland) Regulations 2012 as amended provide for aggrieved parties to take action in the Sheriff Court or Court of Session. Any proceedings brought under the Regulations (other than proceedings

seeking an ineffectiveness order) must be brought within thirty days of the date on which the unsuccessful party knew, or ought to have known, that grounds for starting the proceedings had arisen unless the Court considers that there is a good reason for extending the period within which proceedings may be brought, in which case the Court may extend that period up to a maximum of three months from that date. Any proceedings seeking an ineffectiveness order must be brought within thirty days of the relevant date under Regulation 47 (8) of the Public Contracts (Scotland) Regulations 2012 as amended, or, if neither of the circumstances in Regulation 47 (8) apply, within six months of the date the contract was entered into.

VI.3.3. Service from which information about the review procedure may be obtained

VI.4. Date of dispatch of this notice

21.12.2012
