Contract or concession award notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: Statens vegvesen

Email: gro.austad@vegvesen.no

Legal type of the buyer: Central government authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Framework agreement, sector specific insight and analysis (transport technology).

Description: The Norwegian Public Roads Administration, Transport and Society, Section Road and Transport Technology (henceforth referred to as the Customer) would like tenders for a framework agreement for sector specific insight and analysis (transport technology). The contracting authority has a complex system ownership (National Core Systems AutoPASS value chain) with many interested parties and there are high requirements for compliance. The contracting authority needs competence within technical, strategic, political and business policy management advice to ensure that the Customer reaches its established targets and future initiatives. The objective of the procurement is to cover the need for consultancy services within sector specific insight and analysis (transport technology) in cases where, due to professional reasons, the Customer needs insight, expertise, sector specific specialist competence and is not able to cover the need through permanent personnel. There will be call-offs for consultancy services on the framework agreement if needed, for example: • Sector specific specialist competence • Sector specific expertise • Professional sector specific replenishment and competence raising.

Procedure identifier: e5671610-6280-42d7-b210-6a14dbded8d6

Previous notice: b811d9c9-6382-4e89-8907-b1c8206113c8-01

Internal identifier: 23/22149

Type of procedure: Open

The procedure is accelerated: no

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 79400000 Business and management consultancy and related services

Additional classification (cpv): 71311200 Transport systems consultancy services, 79410000 Business and management consultancy services, 79411100 Business development consultancy services

5.1.2. Place of performance

Country: Norway

Anywhere in the given country

5.1.3. Estimated duration

Duration: 24 Months

5.1.4. Renewal

Maximum renewals: 2

Other information about renewals: Option for a contract extension for 1+1 year.

5.1.5. Value

Estimated value excluding VAT: 40 000 000,00 NOK

Maximum value of the framework agreement: 50 000 000,00 NOK

5.1.6. General information

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.7. Strategic procurement

Green Procurement Criteria: No Green Public Procurement criteria

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: Completed price table in SSA-R, Annex 5

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 30

Criterion:

Type: Quality

Name: Quality

Description: Quality 1 Competence profile of the offered resources will be given the highest weight. Documentation requirement 1: Completed table in Annex 1 Competence profile for the offered resources. Relevant resources shall be offered that together cover all the competence areas described in the bullet points below. The competence areas covered by the offered resources shall be highlighted. Relevant competence and experience shall be briefly described in the table and CVs must not be enclosed. Relevant reference assignments with contact persons shall be provided. The contracting authority reserves the right to contact the stated references. A maximum of 16 resources shall be offered, and for each offered resource the table shall be filled in and included as a part of the tender. The competence areas are: • Political, political activity and strategic management consultancy • Governance and control • Technology trends and trend analysis in road and transport technology, including ITS, GNSS, sensor technology in the road. Technical visualisation/modelling Technical process and project /programme management • Data analysis and structuring. • GDPR and regulatory frameworks

Quality 2 The tenderer's experience in relation to the Customer's identified need (A and B) will be weighted a small part Requirement area A: The contracting authority needs to connect with a tenderer who has experience with strategic, political and business political consultancy and who has knowledge of the relevant political landscape. The division needs a supporter who knows relevant actors and has relevant experience with work towards political leadership, preferably within the transport sector. Tenderers must be able to support the Customer in connection with strategic choices and strategy work in order to deliver on political guidelines, community and user needs. Requirement area B: The contracting authority also sees a need for the tenderer having experience with the realisation of complex data driven projects or initiatives involving, for example, system establishment, process establishment, data analysis and structuring, technological analyses and visualisation/modelling of technical systems. Documentation Requirement 2: Tenderers shall describe 2 relevant reference assignments that show the tenderer's experience in relation to the Contracting Authority's identified needs, one assignment per needs area (A and B). Each reference assignment shall be described with a maximum of 3 A4 pages, font size 11. The reference assignments shall not be older than five years and they must be verified. The reference can be contacted and emphasised.

Quality 3 The tenderer's delivery ability will be weighted a small part Documentation requirement 3: A general description shall be provided of how the Tenderer will ensure that the Contracting Authority's needs and competence areas are covered. Information shall be provided on where

the tenderer will rely on sub-suppliers. The description shall be maximum 3 A4 pages, font size 11.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 70
