Date of the conclusion of the contract: 09/06/2026

7. Modification

7.1. Modification

Identifier of the previous contract award notice: 88504445-5297-47d3-a5f4-57d7eaf09824-01

Identifier of the modified contract: 1

Reason for modification: Need for additional works, services or supplies by the original contractor.

Description: A new supplier was successful under the ENQEIR781 tender for provision of an energy meter data capture and meter data processing solution, and support and maintenance for this system. To ensure validation of functionality and data accuracy in the transition to a new contractor's system, a 12-month extension to this contract is required to complete this transition process. Prior to any effective handover, in order to meet reporting and operational requirements, access to the existing system will be necessary to validate data post go-live. The 12-month extension period will facilitate completion of each of the above requirements. In addition, this extension is required in order to complete a transition process to move the current on-premises system to a cloud environment, to ensure robust cybersecurity protections are in place. This measure will require a full development lifecycle, with a robust testing period prior to deployment. This extension will ensure continuity of operations for this important tool while this transition process is ongoing. The extension will allow the existing contractor to utilise their in-depth technical knowledge of EirGrid aggregation and substitution rules, and relevant EirGrid systems, to facilitate completion of a defined transition process to the new contractor. In the absence of such an extension, through having another contractor step-in prior to completion of the transition, this would lead to significant operational disruptions and duplication of planning, onboarding, and coordination efforts, resulting in material inconvenience and inefficiency across internal teams and external delivery partners, and substantial duplication of costs. Duration 19.04.26-18.04.27 Value €108,400

7.1.1. Change

Description of modifications: Increase in duration for a further 12 months, from 19.04.26-18.04.27. Increase in value of €108,400 from €120,753 to €229,153.
