I.2. Type of the contracting authority

Ministry or any other national or federal authority, including their regional or local subdivisions

I.3. Main activity

General public services

Other

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1.

Title attributed to the contract by the contracting authority

Framework agreement for a switchboard system, area 4C.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Norway.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

II.1.5. Short description of the contract or purchase(s)

A framework agreement shall be signed with settled conditions for the continuance and further development of the current switchboard system, including software and software licences.

The Contracting Authority shall also enter into a continuous maintenance agreement which shall include further defined maintenance services, related to the existing Switchboard system, as well as the expansions from call-off contracts that will be established in the framework agreement.

See the qualification documentation and all annexes for further information.

II.1.6. CPV code(s)

32542000 Switchboard panels

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The agreement subject to contracting shall be entered into between the contracting authority and 1 single legal person. The contracting authority has currently not completed the contractual terms defining the procurement, but without obligation, the agreement will be arranged as follows:

— A framework agreement with a maximum contract period of 4 years, which i.a. defines the contractual terms for call-offs of supplies and consultancy services.

— A maintenance agreement with a maximum contract period of 4 years, which i.a. states the further defined continuous maintenance services, including user support, error recoveries, and availability for patches and functional upgrading of software.

The contract's total value, including the value of contracts founded under the framework agreement, as well as the value of the ongoing maintenance contract, is estimated, without any obligation, to be between 3 000 000 NOK and 4 000 000 NOK.

Estimated value excluding VAT:

Range: between 3 000 000 and 4 000 000 NOK

II.2.2. Information about options

II.2.3. Information about renewals

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirement: The interested party shall have their tax, employer contribution and VAT payments in order.

Documentation requirement: Norwegian tenderers shall submit a certificate, either from the tax collector or the Norwegian Tax Administration, which states the extent of any tax, employer contribution and VAT payment arrears.

Foreign tenderers shall submit an equivalent certificate from authorities equivalent to the Norwegian authorities.

The certificate must not be more than 6 months old calculated from the deadline for receipt of the request for participation. Any arrears and other notes must be explained.

Requirement: The interested party must be a legally established company.

Documentation Requirement: Norwegian tenderers shall submit a company registration certificate.

Foreign companies must submit documentation that demonstrates the tenderer is registered in a trade index or professional register or business register as prescribed in legislation in the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: Requirement: Tenderers shall have adequate solidity.

Documentation requirement: Credit rating, not older than 1 year calculated from the deadline for receipt of request for participation. The rating shall be based on the latest known accounting figures.

If an interested party will use another company to fulfil the this qualification requirement, a credit rating must also be presented for such companies. The above mentioned credit rating shall fulfil the requirements in the above bullet point. Furthermore, interested parties must document to the contracting authority that they can use the relevant and necessary resources at the company, for example, by enclosing a binding statement.

III.2.3. Technical and professional ability

List and brief description of conditions:

Requirement: the Interested Party shall have good experience from equivalent assignments and shall, during the latest 3 years, supplied goods and services naturally equivalent to the requested Switchboard system, further defined in the qualification documentation's point 1.2.

Documentation requirement: A detailed account that proves that the interested party fulfils all elements in the qualification requirement. The account shall, at a minimum, include a description of the contractual relationship that the tenderer is or has been a party to, which proves fulfilment of the qualification requirement, including information on:

- each contractual relationship's nature, scope and Value,
- the date each individual terms of agreement were established, as well as,
- the name of public or private co-contractor(s).

If the interested party shall rely on sub-contractors for the fulfilment of the current qualification requirement, the interested party must otherwise demonstrate to the Contracting Authority that the interested party can use the sub-contractor's relevant and necessary resources for the current procurement, for example, by submitting a commitment statement.
