Documentation requirements: The contracting authority will obtain a credit rating based on the last known accounting figures.

Criterion: Technicians or technical bodies to carry out the work
Description of selection criterion: The tenderer must have the capacity to carry out the contract. I.e. sufficient manpower and organisational capacity to fulfil the contract in a stable and reliable manner. Documentation requirements: Description of the number of employees who are available for the assignment and how the manpower is organised. Description of how the tenderer ensures sufficient manpower for absence, holidays etc.

Criterion: Certificates by independent bodies about quality assurance standards
Description of selection criterion: Tenderers shall have a relevant quality assurance system for the content of the contract. Documentation requirements: A description of the tenderer's quality assurance methods and a table of contents that provides an overview of the content of the quality system. Alternatively: Certificate for the company's quality assurance system issued by independent bodies that confirms the tenderer fulfils certain quality assurance standards, for example ISO 9001:2015.

Criterion: Certificates by independent bodies about environmental management systems or standards
Description of selection criterion: Tenderers shall have implemented environmental management measures that ensure that the tenderer is suitable to fulfil the contract´s environmental provisions (see contract point 14.1. This means that the tenderer has methods for working actively and systematically to reduce negative environmental impact from activities connected to the execution of this contract. Documentation requirements: A description of the tenderer's environmental management measures. If a tenderer has certificates from independent bodies that document the environmental management system, they can be presented as documentation. Refer to the EU Scheme for Environmental Management and Environmental Audit (EMAS), other recognised environmental management systems in regulation (EF) no. 1221/2009 article 45, or equivalent, and other environmental management standards based on relevant European or international standards from accredited bodies such as ISO 14001 or equivalent.

Criterion: Measures for ensuring quality
Description of selection criterion: Tenderers shall be suitable for fulfilment of the contract requirements for due diligence assessments for responsible businesses, the contract point 13. This means that the Tenderer has implemented measures and systems that are used in the Tenderer's work to safeguard basic human rights and decent working conditions, as well as prevent environmental degradation and corruption. Documentation requirements: Complete Annex 5. A description of the tenderer's systems for working with due diligence assessments in accordance with the UN´s guiding principles for business and human rights (UNGP) and OECD´s guidelines for multinational companies. The documentation shall include: * Formal policies/policies that cover an obligation to comply with the requirements of responsible businesses. * Formal policy/guidelines for accountability for sub-suppliers/the supplier chain, (Supplier Code of Conduct). Descriptions of the tenderer´s processes and routines for how the company works with due diligence assessments.

Award criterion number: 60

Criterion:

Type: Quality
Description: Assignment comprehension Sub-contract 1
Category of award weight criterion: Weight (percentage, exact)
Award criterion number: 40

Criterion:

Type: Quality
Description: Climate and environmental considerations in the award criteria will be replaced with climate and environmental requirements in the requirement specifications pursuant to PPR § 7-9 fourth paragraph, first period. It is considered that the requirement to a greater degree ensure that the desired environmental effect is achieved, because the requirements are obligatory in contrast to the award criteria. By placing requirements in the contract, the tenderer is guaranteed a commitment to contribute to the use of emission-free vehicles throughout the entire contract period. The use of the requirements also signals to the market that Oslo municipality continues to have strict climate and environmental requirements for transport and therefore contributes to predictability for the supplier market as regards investment costs. Tenderers shall report on fulfilment of the requirement so that the environmental effect of the requirement can be effectively checked and ensured.
