2. Procedure

2.1. Procedure

Title: Koop en levering van banden t.b.v. (defensie) specifieke wielvoertuigen

Description: Deze aanbesteding betreft de koop en levering van banden (Kritisch voor operationele inzetbaarheid wielvoertuigen) over een periode van 4 jaar. De opdracht zal middels een openbare Europese aanbesteding, in 3 percelen in de markt worden gezet. Er worden 3 raamovereenkomsten gesloten voor de periode van 4 jaar. Perceel 1 Levering Banden, merk Michelin: Dit perceel betreft de koop en levering van verschillende typen banden van het merk Michelin, die kritisch zijn voor de operationele inzetbaarheid van wielvoertuigen binnen Defensie. Tevens dient er optioneel (bij onvoorziene behoefte) snel extra geleverd te kunnen worden. Ook nieuwe typen banden (welke op voorhand niet gespecificeerd kunnen worden i.v.m. de ontwikkelingen op het gebied van banden) dienen efficiënt en snel leverbaar te zijn. Perceel 2 Levering Banden, merk Continental: Dit perceel betreft de koop en levering van verschillende typen banden van het merk Continental, die kritisch zijn voor de operationele inzetbaarheid van wielvoertuigen binnen Defensie. Tevens dient er optioneel (bij onvoorziene behoefte) snel extra geleverd te kunnen worden. Ook nieuwe typen banden (welke op voorhand niet gespecificeerd kunnen worden i.v.m. de ontwikkelingen op het gebied van banden) dienen efficiënt en snel leverbaar te zijn. Perceel 3 Levering Banden, overige merken: Dit perceel betreft de koop en levering van verschillende typen banden, anders dan van het merk Michelin en Continental, die kritisch zijn voor de operationele inzetbaarheid van wielvoertuigen binnen Defensie. Tevens dient er optioneel (bij onvoorziene behoefte) snel extra geleverd te kunnen worden. Ook nieuwe typen banden (welke op voorhand niet gespecificeerd kunnen worden i.v.m. de ontwikkelingen op het gebied van banden) dienen efficiënt en snel leverbaar te zijn. Motivatie procedure: Er is voor deze procedure gekozen op basis van drie criteria: 1. De omvang van de opdrachtsom; 2. De grootte van de markt (een voorselectie is hierbij niet noodzakelijk); 3. De verdeling in percelen, zodat meerdere marktpartijen een opdracht gegund kunnen krijgen. De verdeling in percelen voorkomt dat één inschrijver een te dominante positie op de markt krijgt. Door maximaal één perceel per inschrijver toe te wijzen, worden de risico's van het toekennen van meerdere percelen aan één partij beperkt en krijgt zowel kleine als grotere ondernemingen gelijke kansen. Motivatie voor inrichting van de percelen - uitvragen m.b.t. beroep op artikel 2.76, lid 3, AW2012 • Voor verschillende operationeel kritische voertuigen – onder andere de ATTV,

Boxer en Fennek – worden de benodigde banden uitgevraagd. Deze voertuigen worden door de leverancier van het voertuig geproduceerd en geleverd en elk vereist een specifieke band om naar behoren te kunnen functioneren. • De voertuigfabrikant certificeert zowel het voertuig als de bijbehorende banden en biedt daarbij specifieke garanties. Het inzetten van alternatieve banden brengt veiligheidsrisico's, problemen met de inzetbaarheid en het wegvallen van de gebruiksgaranties met zich mee. • Het uitvragen van de aanbesteding in drie afzonderlijke percelen (1 = Michelin, 2 = Continental, 3 = overige banden) sluit geen enkele leverancier uit; alle aanbieders kunnen nog steeds meedingen. De bandenmarkt is zó georganiseerd dat er meerdere toeleveranciers bestaan die elk in staat zijn de gevraagde banden van de betreffende merken te leveren. Mededinging blijft derhalve geborgd.
