the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

National or federal agency/office

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Planning and engineering design services Municipal sector plan E39 Julbøen — Molde.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Molde, Norway.

NUTS code NO053 Møre og Romsdal

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

A municipal sector plan with impact assessment shall be prepared. The objective of the contract is to provide a formal basis for the new E39 section between Julbøen and the east centre of Molde. The connection to the existing E39 is intended to be at Bolsønes (Felleskjøpet). The requirement for a new E39 on the section is a result of the Norwegian Government's decision that the Romsdal Fjord shall be crossed by a tunnel and a suspension bridge between Vik in Vestnes municipality and Julbøen in Molde municipality.

II.1.6. CPV code(s)

71240000 Architectural, engineering and planning services, 71300000 Engineering services, 71311000 Civil engineering consultancy services, 71311210 Highways consultancy services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

A municipal sector plan with impact assessment shall be prepared for the new E39 on the section Julbøen-Molde. The municipal sector plan shall be designed and contain a professional content that makes the plan in accordance with the Planning and Building Act, the Ministry of Climate and Environment's instruction manuals, the Norwegian Public Roads Administration's manuals and quality assurance routines. The plan shall also be formulated in such a way that it can be presented for a municipal resolution.

Main elements:

— 2 main alternatives for the section between Julbøen and the east centre of Molde shall be prepared. The contract also includes a review of an additional alternative with a tunnel branch to Reknes west of the centre, that shall together with E39 function as a short city tunnel for further relief of traffic from the centre. A separate sub-assessment on a superior level shall be prepared in order to evaluate the impacts of the extension of the tunnel, possibly the construction of a separate tunnel further east from Bolsønes to Leirgrovvika/Årø, c.f. description in section 2.4. In any case the Bolsønes area is an absolute destination point for an E39 tunnel from west. C.f the deliberation in the planning programme.

See the tender documentation for further details.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: — The tenderer shall have the legal foundation necessary to fulfil the contractual obligations.

The tenderer must be registered in a company register as prescribed in the country where the tenderer is established. Substantiated by presenting a company registration certificate (to enclosed the tender in form G10)

— All Norwegian tenderers shall submit a tax certificate and a VAT certificate in accordance with the Public Procurement Regulations' § 3-3 / § 8-7/ § 17-14. Use Form RF 1244 for both certificates.

Similarly, all foreign tenderers must provide a certificate of having fulfilled their obligations relating to the payment of taxes in accordance with the laws of the country where they are established.

For working partnerships:

— Where the tenderer is dependent on other service providers in order to qualify, a declaration of joint and several liability to the contracting authority and third parties must be submitted with the tender. Furthermore, each individual participating company in the working partnership must provide information on their company, as is required in the tender documentation. Working partnerships will be assessed collectively for all eligibility requirements except HSE. Each participant will be individually assessed for HSE.

Documentation requirement:

Statement of joint and several liability:

All documentation required to fulfil the qualification criteria, for each participating company.

A HSE self-declaration for all participating companies in the working partnership.

HSE:

All Norwegian and foreign service providers who will carry out work in Norway shall submit a HSE self-declaration in accordance with the public procurement regulations § 3-4/ § 8-8 / § 17-15.

The self-declaration shall be in Norwegian.

If 1 or several of the companies has not submitted a HSE self-declaration, the contracting authority will set a short additional deadline for sending the HSE self-declaration.

Form for HSE self-declaration (c.f. template G8) shall be enclosed in accordance with form G1.

III.2.2. Economic and financial ability

List and brief description of conditions: The company's annual accounts for the last 2 years, with the auditor's report (enclosed with the tender in Form G 9).

Minimum level(s) of standards possibly required: — Tenderers shall have the requisite professional capacity to fulfil the contractual obligations.

III.2.3. Technical and professional ability

List and brief description of conditions:

— List of the tenderer's completed assignments (enclosed with the tender using Form G4);

— The tenderer must document experience with tunnels.

Minimum level(s) of standards possibly required:

— The tenderer shall have the requisite professional foundation to fulfil the contract obligations.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure
