Royal Surrey County Hospital NHS Foundation Trust is seeking a provider to jointly finance and operate a radiopharmaceutical service which will include refurbishment/rebuild of the existing Radiopharmacy facility at the RSCH site and routine and developmental radiopharmaceutical services for several nuclear medicine services in and around the Guildford area.

The selected provider will be required to demonstrate considerable expertise and experience of installing and operating radiopharmaceutical services that support a variety of clinical specialties. Due to the range of options for the delivery of these services the Trust will look for participants to bring forward and develop appropriate solutions to meet its needs and requirements for the design and operation of the facility and of the service in addition to the funding and financial model. The Trust is particularly looking for a new business model to establish and operate this facility and would expect a partnership arrangement with the successful provider. It is envisaged that the initial term would be not less than 10 years. The Trust will be able to provide a range of support services to the successful provider and these will be verified through the competitive dialogue process.

II.2.2. Information about options

Options: yes
