**I.4. Type of the contracting authority**

Regional or local authority

**I.5. Main activity**

General public services

**Section II: Object**

---

**II.1. Scope of the procurement****II.1.1. Title**

Collection and treatment of garden and bulky waste

Reference number: 614641

**II.1.2. Main CPV code**

90511200 Household-refuse collection services

### **II.1.3. Type of contract**

Services

### **II.1.4. Short description**

The procurement includes: The collection of garden and bulky waste on scheduled routes and to order. Treatment of garden waste through material recycling. Sorting and treating bulky waste. Disposal through reuse, material recycling and possibly energy utilisation. In 2017 there was 630 tonnes of garden waste and 720 tonnes of bulky waste, of which 80 tonnes was EE waste. The amount of garden and bulky waste is expected to increase. A contract will be signed for 2 years, with the contracting authority having the right to an extension for 1+1 year. The delivery consists of the reuse and recovery of bulky waste collected from each subscriber to Vesar. The tenderer must establish systems for sorting the parts of the bulky waste that can go to be reused and those can be used as raw material for material recovery. Biogas must be used as fuel in vehicles that collect the garden and bulky waste.

### **II.1.5. Estimated total value**

### **II.1.6. Information about lots**

This contract is divided into lots: no

## **II.2. Description**

### **II.2.2. Additional CPV code(s)**

90511200 Household-refuse collection services, 90514000 Refuse recycling services

### **II.2.3. Place of performance**

NUTS code: NO033 Vestfold

NUTS code: NO Norge

Main site or place of performance: Vestfold

### **II.2.4. Description of the procurement**

The procurement includes:

- Collection garden and bulky waste on scheduled routes and to order,
- Treatment of garden waste through material recovery,
- Sorting and treating bulky waste. Disposal through reuse, material recycling and possibly energy utilisation.

The total amount of collected garden waste in 2017 was 630 tonnes. The amount of collected bulky waste in 2017 was 720 tonnes, of which 80 tonnes was EE waste. The amount of garden waste is expected to increase if Re municipality also introduces scheduled route collection for all households twice a year, and by an improved ordering system being developed. The amount of bulky waste is expected to increase through the development of an improved ordering system for collection. Re municipality could introduce the collection scheme from 1.1.2020. A contract will be signed for 2 years, with the contracting authority having the right to an extension for 1+1 year. The delivery consists of the reuse and recovery of bulky waste collected from each subscriber to Vesar. The bulky waste's content will be a result of each household's needs and what limits Vesar has for what is allowed in the bulky waste. The garden waste that is collected will typically be leaves, grass and branches/twigs, all of which is expected to be used for material recovery. The tenderer must establish systems for sorting the parts of the bulky waste that can go to be reused and those can be used as raw material for material recovery. Bulky waste that cannot be reused or used for material recovery must be

used for energy purposes with the highest possible degree of energy utilisation. Vesar would like to stimulate environmentally friendly transport of waste by using biogas with high climate benefit as fuel. Biogas must be used as fuel in vehicles that collect garden and bulky waste.

**II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

**II.2.6. Estimated value**

**II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The contracting authority has the right to extend the contract for 1 + 1 year. See the tender documentation.

**II.2.10. Information about variants**

Variants will be accepted: no

**II.2.11. Information about options**

Options: yes

Description of options:

See the tender documentation.

**II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

**II.2.14. Additional information**

---

**Section III: Legal, economic, financial and technical information**

**III.1. Conditions for participation**

**III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

See the tender documentation

**III.1.2. Economic and financial standing**
