Section II: Object

II.1. Scope of the procurement

II.1.1. Title

2023 - Framework agreement for biogas-fuelled sludge extractors

Reference number: 2023/12865

II.1.2. Main CPV code

34144410 Gully emptiers

II.1.3. Type of contract

Supplies

II.1.4. Short description

Trondheim Urban Operations would like to replace all of its fossil fuel machinery with fossil free solutions. One part of this programme is to replace the fleet of older sludge extractors with new gas-powered machines. The sludge extractors cover several of Trondheim municipality's needs, including the emptying and operation of drains and sand traps in the municipal surface water network.

This procurement applies to both 3-axle sludge extractors and 4-axle machines (combi-lorry). A total of 7-10 gas-fuelled sludge extractors are planned to be procured in accordance with a procurement plan under the framework agreement. The procurement plan is described in Annex 1, Chapter 1.1. The procurement also includes service of the body and chassis. Due to the holiday period, questions for the contest will not be answered until week 33, and the deadline for asking questions for the contest is set to 11 August 23.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO060 Trøndelag

II.2.4. Description of the procurement

Trondheim municipality, c/o the Road Department and Water and Sewage Department at Trondheim Urban Operations (Norwegian: TB), are planning to replace their fleet of sludge extractors with new biogas-powered sludge extractors and combi-lorries. The framework agreement covers the estimated procurement of 7-10 vehicles during the contract period. Trondheim Urban Operations has the following work assignments within the fields of:

- Sanitation and sewage network
- Emptying of sand traps from overflow stations in the water and sewage network
- Emptying of street sand traps and flushing of secondary drains/auxiliary drains
- Cleaning of sewage manholes and water manholes
- Emptying of private sewage systems (sludge separators and closed tanks)

TB currently has the following machinery, which is planned to be replaced under the framework agreement.

- 2 combi-vehicles (tridem)
- 2 septic vehicles (tridem)
- 1 street sand trap vehicle (tridem)
- 2 allround sludge extractors (3-axle)

II.2.5. Award criteria

Criteria below

Quality criterion - Name: Quality / Weighting: 50%

Quality criterion - Name: Environment / Weighting: 20%

Price - Weighting: 30%

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 31/10/2023 End: 31/10/2027

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

A company registration certificate (not to be attached to the tender).

Tenderers must be registered in a company register or trade register in the member state where the tenderer is established. As described in annex XI of directive 2014/24/EU; tenderers from certain member countries can be required to fulfil other requirements in the mentioned annex.

Tenderers must be a legally established company.

Documentation requirement: Norwegian tenderers shall enclose a company registration certificate. Foreign tenderers must present proof of registration in a business register or in a trade register in the state where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Credit Rating:

A rating must be carried out by a credit rating agency in accordance with the applicable laws and regulations. Rating class A according to the Bisnode AAA rating system, or equivalent.

Minimum level(s) of standards possibly required:

Minimum requirement: Tenderers must have sufficient economic and financial capacity to execute the contract. Tenderers must have a rating of minimum class A (AN for newly established companies) in accordance with the Bisnode AAA rating system, or equivalent.

Documentation requirement: Credit evaluation/rating, not older than six months, based on the last known accounting figures. A rating must be carried out by a credit rating agency and in accordance with the applicable laws and regulations. If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove their economic and financial position by presenting, for example, a declaration from a financial institution on surety.
