II.2.4. Description of the procurement

A pseudo competitive dialogue was used to co-design the services with a range of selected potential providers, leading to final bids being submitted. This service is to provide Integrated MSK Services across the Greater Preston, Chorley and South Ribble area to include Physiotherapy; MSK assessment and treatment; Rheumatology; Persistent MSK Pain Management and Myalgic Encephalomyelitis/Chronic Fatigue Syndrome service

The procurement was evaluated against a financial model measuring the 5 year substantive contract at a value of 35 000 000 GBP. The financial cost is reliant on a mixture of payment approaches and transformation that makes the values for years 6 and 7 difficult to assess - however the overall contract value including the 2 year extension option is estimated to be no more than 49 000 000 GBP.
