To ensure maximum benefit for its customers, Janet(UK) will enforce a number of financial and technical entry requirements that any supplier must fulfill before joining the DPS to ensure reliable and consistent integration with the Janet network.

The entry requirements will include but not be limited to:

- Direct connectivity to Janet to ensure maximum service quality or resellers via directly connected service providers
- Diligent pre-install testing to ensure customers infrastructure is capable of delivering telephony services
- Zero rated call costs between any telephony services purchased from a supplier, including any combination of mobile and fixed line devices
- The ability to deliver telephony services over Janet without the need for network Quality of Service.

The new services will include but not be limited to

Session Initiation Protocol (SIP) trunking connectivity, hosted Private Branch Exchange (PBX) solutions, fixed and mobile call charges, line rentals and ISDN connectivity.

The scope of the DPS will cover purchases by Janet(UK), Higher Education institutions, Further Education and Specialist Colleges and Research Council establishments in the UK, and by any other bodies whose core purpose is the support or advancement of further or higher education or of research.

Any member of one of these consortia will be eligible to purchase from this DPS by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the DPS.
