Pursuant to the Act on the administration of public procurement rules, Act No 492 of 12 May 2010, the Contracting Entity will sign the contract with the selected tenderer(s) no sooner than 10 days after the notification has been e-mailed to all tenderers. If the notification is sent by letter, the standstill period will be 15 days.

The standstill period will be calculated from the day following the day on which the notification is sent to the tenderers. The contract can therefore be signed on the 11th day following the day of notification. The standstill period will be specified in calendar days. If the time limit ends on a Saturday, Sunday or public holiday, it will be extended to midnight of the next working day.
