2.1. Procedure

Title: On-/offshore Cable Jointing Services & Offshore Cable Repair Logistic Services

Description: Conclusion of multi-year framework agreement(s) with call-offs for offshore HV cable repair logistics services and On-/offshore Cable Jointing Services on existing AC high-voltage cable systems. Quantities and timing cannot be determined in advance and depend on operational needs. Procedure set-up: Joint procurement by 50Hertz Transmission GmbH and Elia Asset S.A.; the procurement is divided into six (6) lots. The intended framework term is six (6) years with an option to extend by up to two (2) years. Call-off & invoicing: (Lots 1–5 – 50Hertz Lots): Call-offs may be issued by 50Hertz Transmission GmbH, 50Hertz Connectors GmbH and 50Hertz Offshore GmbH. Invoices shall be issued to the entity placing the relevant call-off. Call-off & invoicing (Lot 6 – Elia Lot): Contracting entity and call-off beneficiary is Elia Asset S.A. Call-offs shall be issued by Elia Asset S.A. Invoices shall be issued to Elia Asset S.A. Lots 1–3 (50Hertz) – Offshore HV Cable Repair Logistics Services (Baltic Sea assets): Offshore logistics and engineering services including repair preparedness/response, engineering and execution support for offshore cable repair works, mobilisation/demobilisation, provision of vessels/tools/equipment and qualified personnel, handling/transport of cable accessories and repair-related equipment, and operational/interface support during repair interventions. Asset allocation per Lot is defined in the tender documents. • Lots 4–5 (50Hertz) – Onshore/Offshore HV Cable Jointing Services: Onshore and offshore jointing works for repair interventions including provision of required tools/equipment/consumables (excluding free-issued items where applicable), deployment and supervision of qualified personnel, pre-engineering of fault scenarios, and interface coordination. Asset allocation per Lot is defined in the tender documents. Lot 6 (Elia) – Offshore HV Cable Jointing Services: Offshore jointing

works for repair interventions including provision of required tools/equipment/consumables, deployment and supervision of qualified personnel, and documentation and coordination with other contractors. Contracting entity and call-off beneficiary: Elia Asset S.A. Further details for Lot 6 are defined in the tender documents. OEM/warranty constraints: Where warranty, OEM or compatibility requirements apply for certain systems, the relevant conditions shall be implemented as contract performance requirements at call-off level.

Procedure identifier: 5bb785b6-bdfa-48d8-8a9a-0ea8c3c4cd69

Internal identifier: On-/offshore Cable Jointing Services & Offshore Cable Repair Logistic Services

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Main features of the procedure: The procedure is conducted as a negotiated procedure with prior call for competition. Stage 1: submission and assessment of requests to participate (exclusion grounds and suitability) and selection of candidates to be invited. Stage 2: invitation to submit tenders, negotiation rounds where applicable, submission of final tenders and award to the most economically advantageous tender (best price-quality ratio) in accordance with the procurement documents. The contracting entities reserve the right to conduct further negotiation rounds if considered necessary. The Employer reserves the right to reduce the number of tenders being negotiated based on the specified award criteria (Shortlisting of tenders). If the Employer has decided to implement a shortlisting, it is going to inform the tenderers of this no later than the start of the tender and negotiation phase in which the shortlisting will take place. Access to these documents is restricted due to the sensitivity of technical and operational information (critical infrastructure). The contracting entities make use of § 41(4) SektVO. Access is granted after registration and execution of a non-disclosure agreement (NDA). The relevant documents will then be made available via a Filebox link. Contracts will be awarded per lot. The tender documents are available for direct access at: Filebox Link <https://eliagroup.sharepoint.com/:f:/r/sites/EFSS/EFSS/PurchDocsTED/TED-2026%20Tender%20Cable%20Jointing%20and%20Logistics?csf=1&web=1>

Maximum value of the framework agreement: 376 000 000,00 EUR

2.1.4. General information

Additional information: This procurement concerns the conclusion of multi-year framework agreements with call-offs for high-voltage cable jointing services for repair interventions (Jointing Lots) and offshore cable repair logistics and preparedness services (Logistics Lots). The procedure is conducted as a negotiated procedure with prior call for competition and involves joint procurement by 50Hertz Transmission GmbH (Germany) and Elia Asset S.A. (Belgium). Each lot specifies the contracting entity for the respective framework agreement: Lots 1–5 are contracted by 50Hertz Transmission GmbH; Lot 6 is contracted by Elia Asset S.A. The intended framework term for each lot is six (6) years with an option to extend by up to two (2) additional years, subject to the terms of the framework agreement. Services will be ordered on a call-off basis; the exact quantities cannot be determined in advance and will depend on operational needs. For Lots 1–5, call-offs may be issued by 50Hertz Transmission GmbH, 50Hertz Connectors GmbH and 50Hertz Offshore GmbH. Invoices shall be issued to the entity placing the relevant call-off (invoice recipient). For Lot 6, the contracting entity and call-off beneficiary is Elia Asset S.A. Award Limitation: Tenderers may submit tenders for all Lots. For the Logistics category (Lots 1, 2 and 3), the number of Lots that may be awarded to a single Bidder is limited to a maximum of two (2) Lots. If, following the evaluation in accordance with the Award Criteria, a Tenderer is ranked first for all three Logistics Lots (1, 2 and 3), that Tenderer shall be awarded contracts for a maximum of two (2) Lots only. The remaining Lot shall be awarded to the next ranked Tenderer, provided that such Tenderer has submitted an admissible and awardable tender (an "Eligible Tender"), in accordance with the following allocation sequence: - first, Lot 3; - if no Eligible Tender has been submitted for Lot 3, then Lot 1; - if no Eligible Tenders have been submitted for Lots 3 and 1, then Lot 2. Notwithstanding the above, if no Eligible Tender has been submitted for any of the Lots 1, 2 and 3, the Bidder initially ranked first may be awarded contracts for all three (3) Lots. No award limitation shall apply to the Lots in the Jointing category. Access to certain procurement documents is restricted due to the confidential and sensitive nature of technical and operational information. Accordingly, interested parties are requested to express their interest and submit their request to participate via email, as specified in the contract notice. Following registration, an NDA will be provided for signature. Once the NDA has been duly signed and returned, access to the restricted tender documents (Filebox) will be enabled. Questions and requests for clarification must be submitted via the e-sourcing platform within the deadline stated in this notice. Replies of general interest will be provided in anonymised form via the platform. The total value represents the maximum value of the framework agreement. No minimum volume is guaranteed and no call-offs are committed.

5.1.7. Strategic procurement

Aim of strategic procurement: No strategic procurement

Green Procurement Criteria: EU Green Public Procurement criteria

5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: General yearly turnover

Description of selection criterion: Tenderers must demonstrate sufficient economic and financial capacity based on relevant financial ratios indicating financial stability and solvency.

The assessment is based on the tenderer's financial information, in particular the annual financial statements or annual reports for the last three (3) completed financial years.

Evidence may be provided by a self-declaration and, upon request, by the corresponding financial statements or equivalent documentation.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Enrolment in a trade register

Description of selection criterion: Tenderers must be legally established and duly registered in a commercial register or an equivalent professional register in accordance with the legal provisions of the country in which they are established. Evidence may be provided by a self-declaration and, upon request, by an extract from the relevant register.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Financial ratio

Description of selection criterion: Tenderers must demonstrate financial stability and solvency based on relevant financial ratios (e.g. equity ratio, liquidity ratio, available financial resources). Evidence may be provided by a self-declaration and, upon request, by financial statements or equivalent documents.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: References on specified services

Description of selection criterion: Applicable mandatory references for the specific Lot: Repair references table, minimum 3 offshore repair references or jointing operations during cable installation for HV cable (min. 132kV) during the last 5 years for a similar scope of work as defined in the contract notice. Within the 3 provided references, at least 1 reference must be in open sea (>10m) and at least 2 references must be for shallow water (<10m), intertidal or platform pull-in repair. For each reference, tenderers must provide relevant project information, such as project name, location, customer, execution period, budget and scope description, in accordance with the tender documents.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Certificates by quality control institutes

Description of selection criterion: Tenderers must confirm that they have: – an occupational safety management system in place (e.g. ISO 45001 or comparable), – a valid ISO 14001, EMAS or comparable environmental certification, and – a valid ISO 9001 or comparable quality management certification.

Within the 3 provided references, at least 1 reference must be in open sea (>10m) and at least 2 references must be for shallow water (<10m), intertidal or platform pull-in repair. For each reference, tenderers must provide relevant project information, such as project name, location, customer, execution period, budget and scope description, in accordance with the tender documents.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Certificates by quality control institutes

Description of selection criterion: Tenderers must confirm that they have: – an occupational safety management system in place (e.g. ISO 45001 or comparable), – a valid ISO 14001, EMAS or comparable environmental certification, and – a valid ISO 9001 or comparable quality management certification.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Information about the second stage of a two-stage procedure:

The procedure will take place in successive stages. At each stage, some participants may be eliminated

5.1.10. Award criteria

Description of the method to be used if weighting cannot be expressed by criteria: The award of the contract is based on the most economically advantageous tender. Each award criterion will be scored individually. The overall score of a tender will be calculated by multiplying the score achieved for each criterion by its respective weighting factor. The final score results from the sum of the weighted scores of all award criteria.

5.1. Lot: LOT-0004

Title: Framework Agreement with Call-Offs – Onshore/Offshore HV Cable Jointing Services

Description: This lot covers the execution of offshore jointing works required for repair interventions on existing high-voltage cable systems, including provision of the necessary tools /equipment/consumables (excluding free-issued spares where applicable), qualified personnel and supervision, QA/QC documentation, and interface coordination with other contractors engaged for the overall repair scope. Services are ordered on a call-off basis; the exact quantities cannot be determined in advance. Where warranty or compatibility requirements apply for certain systems, the related conditions will be implemented as contract-performance requirements at call-off level. Services will be provided on a call-off basis. Each call-off is intended to restore the relevant high-voltage cable service object so that it can transmit electricity in accordance with the applicable requirements and/or project documentation. The contracting entity is under no obligation to issue call-offs and the framework agreement does not grant exclusivity. The scope of jointing works to be performed under call-offs includes, inter alia: – execution of offshore cable jointing operations required for repair interventions, – provision of all apparatus, machinery, equipment and consumables necessary for the jointing operations (excluding free-issued spare parts where applicable), – coordination of interfaces with other project contractors involved in the overall repair scope, – deployment of qualified and fully trained personnel and adequate supervision, – quality-related documentation as required for the works. The exact quantities of call-offs, interventions and services cannot be determined in advance and will depend on actual operational needs during the term of the framework agreement. Call-offs may be issued by 50Hertz Transmission GmbH, 50Hertz Connectors GmbH and 50Hertz Offshore GmbH. Invoices shall be issued to, and paid by, the entity placing the relevant call-off (invoice recipient/billing entity). Asset allocation per Lot is defined in tender documents.

Review organisation: 50Hertz Transmission GmbH: Vertragsschließende Einheit / Auftraggeber (Contracting Entity) für Lots 1–5 - Senatsverwaltung für Wirtschaft, Energie und Betriebe - Vergabekammer des Landes Berlin

Information about review deadlines: Applications for review must be submitted to the competent review body within the deadlines set out in the applicable procurement legislation. The deadlines for submitting a request for review are laid down in Section 160(3) GWB. For the sake of clarity, this provision is reproduced in full: The application is inadmissible insofar as: 1. the applicant has identified the alleged breach of procurement regulations prior to submitting the application for review and has not raised an objection with the contracting authority within a period of ten calendar days; the expiry of the time limit pursuant to Section 134(2) GWB remains unaffected; 2. breaches of procurement regulations that are apparent from the contract notice are not notified to the contracting authority at the latest by the expiry of the deadline specified in the notice for applications to participate or for the submission of tenders; 3. breaches of procurement regulations that are only apparent in the procurement documents are not notified to the contracting authority at the latest by the expiry of the deadline for applications to participate or for the submission of tenders; 4. more than 15 calendar days have elapsed since receipt of the contracting authority's notification that it does not intend to remedy the objection.
