The required capacity will be assessed in relation to the contract's value, services, risk and length.

Minimum level(s) of standards possibly required:

Documentation requirement:

Credit rating from a certified credit rating agency that is based on the last accounting figures.

The key figures in the accounts must be presented together with an assessment of the tenderer's payment history.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement 1:

Tenderers must have good experience from the execution of assignments of an equivalent or more complex nature and degree of difficulty as/than that in this contract.

Requirement 2:

Tenderers must have good procedures for quality assurance.

Requirement 3:

Tenderers must have implemented and established a good environmental management system.

Minimum level(s) of standards possibly required:

Documentation requirement 1:

A list with an overview and description of up to five of the tenderer's most relevant assignments during the last 5 years. The list/description must at minimum contain:

- Name of customer/recipient
- Scope of the assignment
- Description of the company's role
- The assignment's value
- Delivery dates
- A short description of the delivery, including the contract form.

Documentation requirement 2:

The documentation must be provided in one of the following ways:

Alternative 1: Description of the company's procedures regarding quality management, with emphasis on quality assurance, resource management, management responsibility and continuous analysis and improvement.

Alternative 2: If a tenderer holds ISO 9001:2000 certification or the equivalent, this can be enclosed.

Documentation requirement 3:

The documentation must be provided in one of the following ways:

Alternative 1: A description of the environmental management system that has been implemented in the company.

Alternative 2: If a tenderer is certified in accordance with ISO 14001, EMAS, the Eco-lighthouse scheme or equivalent systems verified by a third party, it is sufficient to present a copy of a valid certificate thereof.

III.1.6. Deposits and guarantees required

The tenderer is to provide security in line with NS 8405. See Part II of the contract documentation for further details.

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

In accordance with NS 8405. See Part II of the contract documentation for further details.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

Contract based on NS 8405. See Part II of the contract documentation for further details.

III.2.3. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV: Procedure
