## Section II: Object

### II.1. Scope of the procurement

#### II.1.1. Title

Procurement of M/R station Smorup

Reference number: 22/10326

#### II.1.2. Main CPV code

42000000 Industrial machinery

#### II.1.3. Type of contract

Supplies

#### **II.1.4. Short description**

The Contracting Authority wants to purchase a M/R station (Measuring & Regulating Station). The station is to be used for pressure reduction of natural gas between the transmission pipeline (80-55 barg) and the distribution pipeline (35-55 barg). The M/R station is part of FTB (Fast track Biogas) project, in which the gas from the distribution line pressurizes and deodorizes the gas to the transmission line. This will enable flow of biogas both ways, making it possible to distribute gas national in Denmark, utilizing the biogas produced locally. The M/R station will reduce pressure from 80 (transmission) to 55 bar (Distribution), going north towards Aalborg. At gas storage LI. Torup, a pressure reduction will be installed, to enable pigging. For further details concerning the purchase, reference is made to the Tender Documents.

#### **II.1.5. Estimated total value**

Value excluding VAT: 3 000 000,00 EUR

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

42000000 Industrial machinery, 38420000 Instruments for measuring flow, level and pressure of liquids and gases, 38423100 Pressure gauges, 38425300 Depth indicators, 39341000 Gas pressure equipment, 42123100 Gas compressors, 42131140 Pressure-reducing, control, check or safety valves, 42160000 Boiler installations, 42131147 Safety valves, 42131250 Needle valves, 42131260 Ball valves, 42511000 Heat-exchange units and machinery for liquefying air or other gases, 42511100 Heat-exchange units, 42514000 Machinery and apparatus for filtering or purifying gases, 42514320 Gas filters, 45333100 Gas regulation equipment installation work, 45333200 Gas meter installation work, 50411200 Repair and maintenance services of gas meters, 38931000 Temperature humidity testers

#### **II.2.3. Place of performance**

NUTS code: DK Danmark

Main site or place of performance: Haverslev

#### **II.2.4. Description of the procurement**

The Contracting Authority wants to purchase a M/R station (Measuring & Regulating Station). The station is to be used for pressure reduction of natural gas between the transmission pipeline (80-55 barg) and the distribution pipeline (35-55 barg).

The M/R station is part of FTB (Fast track Biogas) project, in which the gas from the distribution line pressurizes and deodorizes the gas to the transmission line. This will enable flow of biogas both ways, making it possible to distribute gas national in Denmark, utilizing the biogas produced locally.

The M/R station will reduce pressure from 80 (transmission) to 55 bar (Distribution), going north towards Aalborg. At gas storage LI. Torup, a pressure reduction will be installed, to enable pigging.

For further details concerning the purchase, reference is made to the Tender Documents.

The tender procedure will be carried out via EU-Supply. For further information see: (<http://eu-supply.com/Website/About>).

#### **II.2.5.**

### **Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 82

This contract is subject to renewal: no

#### **II.2.9. Information about the limits on the number of candidates to be invited**

Envisaged number of candidates: 3  
Objective criteria for choosing the limited number of candidates:

If more than [3] applicants fulfill the minimum requirements, cf. section III, the Contracting Authority will prequalify the [3] applicants who are evaluated as most qualified for the specific tendered assignment. Only these applicants will be invited to submit a tender. The selection of the applicants will be based on the relevance of the submitted references, cf. the scope stated in section II.2.4, and the extent to which the references overall demonstrate comprehensive experience with deliveries comparable to the tendered assignment regarding solution, complexity and scope, especially concerning:

- Delivery of M/R stations similar to the tendered assignment in an environment with climate and weather conditions similar to Denmark, including:
  - o Handling of client deliveries to be used in M/R station (installation, programming, and testing)
  - o Sizing and design of gas pre-heating system
  - o Facilitation of Hazop/Hazid for units

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

Please note that this is a negotiated procedure. With the exception of mandatory parts, the Tender Documents may as a result undergo changes as part of the negotiation process.

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

The applicant must confirm the economic ability in the ESPD part IV.B: "Economic and financial standing" with information from the latest annual report regarding the following economic indicators:

1. Equity (total equity incl. share capital, reserves, revaluation, retained earning etc.)
2. Equity ratio (equity/total assets)

If the applicant is relying on the capacities of one or more other entities (e.g. a parent or sister company or a subcontractor) or the applicant is a group of economic operators (e.g. a

consortium) the information for the ESPD part IV.B must also be given in a separate ESPD from each of these entities, cf. section VI.3 “Additional information”. It is the sole responsibility of the applicant to secure that the minimum level(s) of standards required are reached when the applicant is relying on the capacity of other entities or when the applicant is a group of economic operators (e.g. a consortium).

Minimum level(s) of standards possibly required:

Concerning 1: Equity from the latest annual report must, at the time of prequalification, be at least 1 mio. EUR.

Concerning 2: Equity ratio from the latest annual report must, at the time of prequalification, be at least 20 pct.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

The applicant must include the up to five (5) most comparable and relevant references undertaken in the past three (3) years as part of the application. The references must be stated in the ESPD part IV.C: “Technical and professional ability”. Undertaken in the past three (3) years implies that the reference must not have been completed prior to the date reached when counting 3 years backwards from the submission date for prequalification. References older than this will not be taken into consideration. References which have not yet been fully completed can be included as part of the application, but if this is the case, the applicant must describe the parts which have not yet been delivered, and this may affect the evaluation of the applicant, cf. section II.2.9.

The references should include:

A specific description of the work performed for each reference, including:

Detailed description on the construction and the technical design of the delivered station for each reference including the following information:

1. The design pressure and flow amount of the delivered station
2. Materials used for the station
3. Handling of client deliveries and installation
4. Sizing and design of gas preheating system
5. Use of subcontractors
6. Contract value (if possible)
7. Contact information for the entity in question (including contact person)
8. Date of initiation and final delivery (day, month, year)

Any ambiguities and/or incomprehensibilities concerning the above information may have a negative effect on the selection of candidates, cf. section II.2.9. Please note the “description” box can contain more text than is visible. I.e. it is possible to copy paste text into the box.

If the applicant is relying on the references of one or more other entities (e.g. a parent or sister company or a subcontractor) or the applicant is a group of economic operators (e.g. a consortium) the information for the ESPD part IV.C must also be given in a separate ESPD from each of these entities.

The number of references should not surpass a maximum of the five (5) most comparable and relevant references. If the applicant is relying on the capacity of one or more other entities (e.g. a parent or sister company or a subcontractor) or the applicant is a group of economic operators (e.g. a consortium) the maximum number of references to be submitted must still be respected and cannot exceed five (5) when combined. If more than five (5) references are included, the Contracting Authority will only consider the five (5) most recent references determined by date of final delivery (in this case not yet finished references will not be included).

#### **III.1.4. Objective rules and criteria for participation**

List and brief description of rules and criteria:

The applicant must submit a completed version of the ESPD.

Applicants may not be subject to the mandatory grounds for exclusion, cf. the Danish Public Procurement Act (udbudsloven) Section 135 (1-3) and 136.

Please see section VI.3 "Additional information" for further information regarding the ESPD.

The application must be submitted through EU-Supply, cf. link in section I.1 in this notification.

Applications not submitted via EU-supply or received after the deadline will not be accepted.

The Contracting Authority reserves the right to request the applicant to supplement, specify or complete the information submitted.

#### **III.1.6. Deposits and guarantees required**

The information is stated in the Tender Documents.

#### **III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

The information is stated in the Tender Documents.

#### **III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

No special legal form is required.

If the agreements are awarded to a group of economic operators (e.g. a consortium) the participants are required to undertake joint and several liabilities and to appoint one economic operator to represent the group.

### **III.2. Conditions related to the contract**

#### **III.2.2. Contract performance conditions**

The information is stated in the Tender Documents.

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Negotiated procedure with prior call for competition

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

#### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

### **IV.2. Administrative information**

#### **IV.2.2. Time limit for receipt of tenders or requests to participate**

Date: 08/08/2023 Local time: 12:00

#### **IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates**

#### **IV.2.4. Languages in which tenders or requests to participate may be submitted**

English

#### **IV.2.6. Minimum time frame during which the tenderer must maintain the tender**

Duration in months: 3 (from the date stated for receipt of tender)

## Section VI: Complementary information

---

### VI.1. Information about recurrence

This is a recurrent procurement: no

### VI.2. Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

### VI.3. Additional information

The applicant must submit a completed ESPD to apply for prequalification for this tender procedure. The ESPD for this tender can be found via EU-supply. The ESPD must be completed in EU-Supply and submitted via "My Response". A guide to the ESPD can be found on the webpage of the Competition and Consumer Authority ([www.kfst.dk](http://www.kfst.dk)) in Danish (the Contracting Authority is not responsible for the content of the guide).

Please note:

- An applicant participating on its own, but relying on the capacities of one or more other entities (e.g. a parent or sister company or a subcontractor), must ensure that the application includes the applicants own ESPD together with a separate ESPD from each of the entities it relies on with a completed part II: "Information concerning the economic operator" and part III: "Exclusion grounds" of the ESPD as well as the relevant information regarding part IV: "Selection criteria" and part V: "Reduction of the number of qualified candidates". The ESPD from each of the entities should be duly filled and signed by the entities concerned.

Further where an applicant wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect, which must be submitted as part of the final documentation.

- Where groups of economic operators, including temporary associations, participate together in the procurement procedure, a complete separate ESPD for each of the participating economic operators must be submitted.

Further the final documentation must include a signed declaration by all parties of the group of economic operators (joint venture, consortium or other) stating that all economic operators assume joint and several liabilities towards the Contracting Authority for the performance of the contract as a whole.
