II.1.4. Short description of the contract or purchase(s)

NHS England wished to commission a GP service for the patients currently registered at St Georges Medical Practice as a branch surgery of a local GP practice holding an existing GMS, PMS or APMS contract. St Georges is located in Worle, Weston-Super-Mare, North Somerset. This is an area of new housing which is set to grow in due to a number of new housing developments which are now underway.

This service was being commissioned due to the term expiry of the APMS contract on 30.9.2016 and following the decision not to award a contract as part of the previous APMS

procurement exercise.

At time of tender, there were 3 482 patients registered at St George's Medical Practice. The weighted list size was 3026.48. The list size has been increasing and the population is set to rise in coming years due housing developments underway in the local area.

The provider has to meet GMS core hours, currently 8:00 to 18:30 5 days per week. During these hours the site will be expected to be open to deliver face to face appointments for patients currently registered with St George's practice and/or for patients of the main surgery for whom this would be a convenient alternative.

Any changes to opening hours will require NHSE approval and demonstrate that the effect on access will be at least neutral. Changes to hours or services will be subject to patient engagement and consultation which is the responsibility of the contractor.

The provider will receive the GMS price 80.59 GBP per weighted patient in line with other GP contracts locally.

The provider will be paid for enhanced services, premises reimbursement and the Quality and Outcomes Framework (QOF) in addition to the price per patient. As an indication the 2015-16 value of enhanced services was 10 407 GBP — QOF 33 860 GBP.

The service will be added to an existing GMS, PMS or APMS contract. This service had to be fully operational by 1.10.2016.

TUPE applies to the contract.
