Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Development of an integration platform.

Reference number: 21-2023

II.1.2. Main CPV code

72227000 Software integration consultancy services

II.1.3.

Type of contract

Services

II.1.4. Short description

Follo Ren IKS hereby invites interested tenderers to submit a request for participation in a negotiated procedure for a contract for the development of an integration platform.

Click <https://permalink.mercell.com/208119323.aspx>.

II.1.5. Estimated total value

Value excluding VAT: 8 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

72000000 IT services: consulting, software development, Internet and support, 72212211 Platform interconnectivity software development services

II.2.3. Place of performance

NUTS code: NO082 Viken

II.2.4. Description of the procurement

Follo Ren would like to connect data from different trade applications, data from sensors, RFID labels, scales, and from suppliers' systems so that we have all data in one place, and get a better overview of our operations. Furthermore, Follo Ren would like to add a tool that will make data available in queries, such as tables and overviews with the help of, for example, Power BI or equivalent.

The aim of this integration platform is to get better data from all parts of our operation, and to make it available for employees in Follo Ren. Furthermore, we will obtain data from our suppliers' trade systems, so that the information flow is of better quality, and so that less manual labour is required to obtain information and figures for our systems.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 8 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

Possible extension for 1+1+1+1 year.

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 4Maximum number: 6Objective criteria for choosing the limited number of candidates:

If there are a surplus of qualified tenderers, the contracting authority will make a graded assessment of how well the tenderers fulfil the experience requirement. The tenderers that best fulfil the experience requirement, beyond the minimum requirement that must be fulfilled in order to avoid rejection, will be selected for further participation in the contest. Emphasis will

be put on whether a tenderer can refer to reference assignments' degree of comparability, as well as reference statements. This is based on the description and obtaining reference statements.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The options are split into five sub-projects:

1. Data from waste at household level, data from individual containers
2. Level measurements in containers, data from the level measuring application at Foll Ren
3. Access control to waste wells and other joint waste systems, data from the access control application at Follo Ren.
4. Environment house and waste systems
5. Economy
