II.1.4. Short description

IDA is an alliance of eight global and six regional organisations of persons with disabilities. We advocate at the UN for a more inclusive global environment for persons with disabilities and

their organisations. The Convention on the Rights of Persons with Disabilities (CRPD) is our touchstone. We are invested in ensuring that the 2030 Agenda and the Sustainable Development Goals are inclusive and in line with CRPD.

The disability data advocacy toolkit was produced and launched in 2020 by the Stakeholder Group of Persons with Disabilities, the IDA, and CBM Global Disability Inclusion. The toolkit highlights the need for data to understand the real situation of persons with disabilities and to identify gaps that are not addressed through policies and, at the same time, to provide examples of successes. This consultancy is aimed at gaining a better understanding of available data and gaps and building data literacy of OPDs at the national and subnational levels.
